Willoughby Says Spy Report Was Squelched

Agnes Smedley, Guenther Stein Were Mentioned

MacArthur's Agent Is Hearing Witness

WASHINGTON — (AP) — Maj. Gen. Charles A. Willoughby testified today that higher military authority overruled him when he sought in 1949 to "unmask" a far flung Soviet spy ring.

Willoughby, former military intelligence chief under Gen. Douglas MacArthur, gave his testimony before the Senate internal security subcommittee. It is looking into the question of whether there have been subversive influences on U. S. foreign policy.

Willoughby said "The best legal American talent in Tokyo" had approved as proper evidence a report naming writer Guenther Stein and the late Agnes Smedley as members of a Soviet spy ring in Japan.

Report Squelched

He said Mrs. Smedley conducted "a smear campaign" against the report, which he had made public, and that "the war department public relations officer, in my recollection, and the secretary of war's office, then under Mr. Royall" squelched the report as a result.

He said the report met a fate of "indirect repudiation' when these men "indicated this report never should have been published."

Kenneth C. Royall, now a New York and Washington lawyer, was secretary of war at the time.

The committee has taken testimony that both Mrs. Smedley and Stein were connected with the Institute of Pacific Relations, private research organization founded in the 1920s with the announced objective of studying Far Eastern problems.

Willoughby said Stein was "thoroughly implicated" in the spy ring. He described Stein as an "itinerant journalist" and said he became a British citizen in Hong Kong in 1941.

Stein Arrested

Robert Morris, subcommittee counsel, said Stein was a British delegate to an IPB conference at Hot Springs, Ark., in 1945.

Willoughby said Stein was arrested this spring by French secret police on a charge of Soviet espionage and was deported from France.

Asked how he got this information, Willoughby said he learned it "through official channels."

Willoughby said Stein was "not present at the time" the Soviet spy ring came to the notice of Japanese intelligence agents during the war.

"Otherwise,' the general said, "he would have been arrested."

Simultaneously, the House un-American activities committee swung into action with its hearings on the espionage network.

The spy ring, working in Japan under the direction of Dr. Richard Sorge, a German Communist,

Says Vacation Was 'No Lark'

Duncan MacDonald Gives Interview

FLINT, Mich. — (AP)—Duncan MacDonald, the brilliant high school football prospect whose supposed six week "vacation" at West Point made headlines yesterday, insisted today his visit with the Army was no lark.

In an interview with Tom Mercy, sports editor of the Flint Journal, the 18-year-old quarterback declared:

"I certainly can't understand how I could be quoted as describing my stay at West Point as a 'vacation' . . . Those were the most strenuous six weeks of study I experienced in all three years of high school."

MacDonald, rated by some the most promising grid prospect to come out of Michigan in years, visited West Point last spring preparatory to entering the academy. Since then he has changed his mind about army life and has applied for a scholarship to enter the University of Michigan.

In a copyrighted story yesterday, the Chicago Tribune quoted MacDonald as saying he and 22 other grid hopefuls enjoyed a six-week "vacation" at West Point. The newspaper said MacDonald was offered several special inducements, including "easy appointment" to the academy, a "draft free status" and other lures.

But MacDonald said today he was misquoted. On that question of a "vacation" he said it was strictly work.

Moody Confers With British Officials

LONDON—(AP)—U. S. Senator Blair Moody (D-Mich) conferred today with two senior British ministers about the West's political and defense problems.

He talked with Foreign Secretary Herbert Morrison and Defense Minister Emanuel Shinwell. A spokesman for the ministers said there was a general exchange of views on defense, rearmament and overall political questions.

Moody is making a swing through several European countries. He saw the British ministers on his own request.

House May Cut Billion From Foreign Aid Bill

By G. MILTON KELLY

WASHINGTON—(AP)—A House committee reportedly has agreed tentatively to lop $1,000,000,000 from President Truman's $8,500,000,000 foreign aid program and place the entire program under a new high-level official.

The decision—subject to possible reversal later—was reported last night by members of the House foreign affairs committee. Although some members were absent when the agreement was reached yesterday at a closed door session, those present said they didn't expect a reversal.

The committee plan would place both economic and military aid under a new administrator, appointed by the president and confirmed by the Senate. He would be responsible only to the president but would work closely with the state and defense departments.

Such a plan could be expected to gain support from Republican forces which have been pressing for removal of foreign aid direction from Secretary of State Acheson.

Committee members said the proposed money cut would hit both military and economic aid. So far, most of the talk in Congress has centered on reductions in the economic side of the program.

Senate Fight Brews

Meantime, a brisk Senate fight appeared brewing over the president's program of military and economic aid to Formosa, island stronghold of the Chinese Nationalists.

Chairman Connally (D-Tex) of the foreign relations committee, holding hearings on the administration's foreign aid plan, said flatly:

"I don't think Formosa needs military aid as long as Chiang Kai Shek is there. If Chiang can't protect Formosa, he can't protect much."

Nor does Connally favor as much Formosan economic aid as called for in the $309,000,000 military-economic program, he told a reporter.

On the other hand, a Republican member of Connally's group, Senator Knowland (Calif.) indicated support of the administration's Formosa program.

"We just can't afford to let the back door to one of the most vulnerable spots in Asia stand open to the Communists," Knowland told a reporter.

Czechs' Envoy Will Not Talk About Oatis

NEW YORK—(AP)—Czechoslovakia's new ambassador to the United States arrived here today amid a flurry of protests and questions about the imprisonment of Associated Press Correspondent William Oatis.

The new envoy, Dr. Vladimir Prochazka, was reluctant to talk about the subject.

"I don't speak or give interviews without full information," he said.

When reporters persisted in demanding why Oatis was given a 10-year prison term in Czechoslovakia for trying to report news (the government charge was espionage) Prochazka finally said:

"He was not imprisoned because of being a reporter."

Asked if he thought the prison sentense was justified, the new ambassador parried: "It is not my job—it is the job of the courts."

He declined further comment on the subject.

Salt Lake Newspaper Executive Is Dead

Death was attributed to a cerebral hemorrhage.

Mackinnon was vacationing in Southern California.

Iron River Cops 2nd Legion Win In State Tourney

IRON RIVER, Mich.—(AP)—Iron River defeated Muskegon 6-5 and Flint edged Detroit 2-1 in 10 innings in this morning's round of games in the American Legion State Junior baseball tournament.

Iron River, only undefeated team, will meet Detroit this afternoon. Muskegon's defeat knocked it out of the double-elimination competition. Kalamazoo was eliminated yesterday.

Flint and Detroit each has won one and lost one, while Iron River has won both its games.

Railroad Rate Increase Gets ICC Approval

Half Billion Added To Freight Bill

WASHINGTON—(AP)—Railroad freight rates are going up, adding an estimated $548,000,000 to the nation's annual freight bill.

The Interstate Commerce Commission approved application for nine per cent increases in territory east of the Mississippi river and north of the Ohio and Potomac rivers.

Six per cent increases were authorized elsewhere in the country.

Railroad spokesmen indicated the new rates probably will go into effect Sept. 1. The ICC requires 15 days public notice of new rates.

OPS Protested

The increases were authorized over protests of the Office of Price Stabilization. The IPS had warned that the increases would have far-reaching effects on government efforts to hold down prices.

The railroads had asked for a general 15 per cent boost. They indicated today they may renew their demands later.

The increases, ninth to be granted since the end of World War II, will replace temporary hikes of four per cent in the east and two per cent elsewhere, granted last March.

The ICC emphasized that its latest increases are not permanent because the authority for higher rates extends only until February, 1953.

Limit On Iron Ore

In authorizing the new rates, the ICC listed a number of maximum freight rate increases which can be applied to about six commodities.

A six per cent limit throughout the nation was placed on iron ore, on grain and grain products and on anthracite and bitumious coal and coke.

Increases on sugar and lumber must be held to four cents per hundred pounds and to six cents per hundred pounds on fresh fruits, vegetables, melons and canned goods.

Premier Gasperi Wins Confidence

Italian Government Voted Support

By FRANK BRUTTO

ROME — (AP) — Premier Alcide de Gasperi won a 291 to 175 vote of confidence today for his government in the Chamber of Deputies after a stormy session in which he denounced both Communists and Fascists. His fiery speech touched off a brief fist fight between Communists and Christian Democrats.

A brief but stormy battle of fists broke out after the premier completed his address asking confidence in the seventh government he has headed since the war's end. Communist Fausto Gullo, apparently stung by the Christian Democratic premier's remarks, rose and accused him of having "broken the moral unity of the Italian people in the moment of their liberation."

Detroit Arsenal Inquiry Started

DETROIT — (AP) — Reports that at least 20 employes of the Detroit arsenal, tank-automotive center and Detroit ordinance district obtained new cars from agencies of a defense contractor were under scrutiny of the Wayne (Detroit) county prosecutor's office today.

The auto agencies are owned by P. L. Grissom & Son, some of whose defense contracts were handled by ex-convict and contract-getter Wayne R. Campbell.

Assistant Prosecutor Joseph G. Rashid said most of the cars obtained by federal employes were bought last summer, and added:

"The dates of the sales seem curious, and the sales seem to have involved a great deal of cash. Only one buyer financed his purchase."

Fear Outbreak Of Malaria Among Korean Veterans

ATLANTA — (AP) — The U. S. communicable disease center today alerted doctors throughout the nation to the outbreak of malaria among returned Korean veterans.

The warning went out to 52 state and territorial health officers from Dr. R. A. Bonderlehr, medical director for the Public Health Service Agency.

All malaria cases should be reported promptly to local public ed.

Midland Folks Help Parents Of Triplets

MIDLAND, Mich.—(AP)—Midland citizens have gone all out to help provide an adequate-size home for the Fitzgibbon family, enlarged by the arrival of triplets.

They've formed "Midland Triplets, Unincorporated." The group will receive cash donations towards a new home for Mr. and Mrs. James Fitzgibbon. The Fitzgibbons, who have two other children, now live in a two-bedroom home.

The two girls and one boy were born last Friday. The parents haven't decided on names yet.

The mother and babies are doing well at Midland hospital. The father also is a hospital patient. He is being treated for a flu infection.

U. N. Advances To Pyonggang

Find Red Troops Had Left Area

U. S. ARMY HEADQUARTERS, KOREA —(AP)— Tank-led United Nations forces lumbered through the mud into Pyonggang yesterday and found that Red troops have abandoned their former "Iron Triangle" stronghold for the second time.

The Allied force was in the city for an hour and then withdrew. It was the first time in three weeks that U. N. forces had penetrated the town on the central front, 28 miles north of the 38th Parallel.

Communists put up determined resistance against allied patrols elsewhere on the central and western fronts. There were sharp, brief fights, southwest, south and southeast of Kumsong as allied patrols probed toward that new Red stronghold to the east of Pyonggang.

Along the western front Red troops mounted two small probing attacks west of Chorwon.

Living Costs Are Expected To Rise 5 to 8 Per Cent

ATLANTA—(AP)—Living costs are likely to go up 5 to 8 per cent, says Michael DiSalle, boss of the Office of Price Stabilization.

DiSalle said in an interview here last night that the OPS was going to try its best to tie prices down, but that he didn't see how this could be done under the new price control laws.

"We had about nailed prices down when Congress passed the new price control law," DiSalle said.

The need now, he added, is for "a law which we can administer."

City Hall Clock At Iron River Running Again

Ted Williams, 10, Will Meet Baseball Namesake

GRAND RAPIDS, Mich.—(AP)—There's a tear-moving story behind the coming Detroit visit of a 10-year-old kid who wants to shake hands with baseball's Ted Williams.

The kid's name is Ted Williams.

Ted's sand-lotter father was Richard L. Williams of Grand Rapids. The first cavalry division named an athletic field in Koizumi, Japan, after him, Williams park, they called it, and over the entrance hangs a plaque; "In honor of T/5 Richard Williams, 82nd FA Bn. First Cavalry Div."

The kid's father was killed Feb. 21, 1945, in Manila. A burst from a Japanese machine gun caught him as he tried to pull his radio out of the line of fire. They gave him the Silver star medal for that—posthumously.

The beginning of the story, however is Oct. 1, 1941—the day Richard William's son was born. The new father was a baseball fan and also a player. He'd played minor league in the Wisconsin State League, was star athlete at Creston high school in Grand Rapids.

1941 was a big year for baseball's Ted Williams too. That was the year he shot .406 to achieve baseball immortality.

Baseball fan and player Richard Williams named his son after him.

World War II came and the young soldier went off to the wars. But before he left he looked at his young son and made a sort of a wish "someday Ted will meet his namesake."

That "someday" will be the next Tigers-Boston series

The kid will be the guest of the Tigers, but he'll be rooting for his namesake and the Sox.

Red Blaik May Quit As West Point Coach

By WILL GRIMSLEY

NEW YORK—(AP)—Earl (Red) Blaik, ringmaster of Army's powerful football teams for the last ten years, charts his future today.

Red Blaik

There are strong rumors he plans to step out as head coach at West Point.

The 54-year-old disciplinarian, famed for his two - platoon juggernauts, has declined to comment on these reports.

He called a press conference at a mid-town cafe and said he would outline his position then on the exam-cribbing probe at the military academy.

1. He can remain as head coach and try to rebuild army's gridiron fortunes from a squad almost completely shattered by the expose. The bulk of his potent team is reported among the 80 cadets facing dismissal for violation of the school's honor code.

2. He can resign. If he does so, it probably will be out of sympathy for the boys. Already he has strongly defended the accused cadets, stating: "I know them to be men of excellent character and as a group among the finest I have known at West Point."

The head coach's own son, Bob, is star quarterback of the team that in pre-season analyses had been figured to be one of the strongest in the country. It's not known whether he is one of the cadets involved.

ASKED FOR PLAYERS

WASHINGTON — (AP) — Col. Lawrence (Biff) Jones, former graduate manager of athletics at West Point, said today he had asked many senators and congressmen to appoint good football players to the U. S. Military Academy.

Jones retired as graduate manage in early 1948 and returned to his home here. He told a reporter that in the last three years he had visited members of Congress in their offices at the request of Col. Earl Blaik, head coach at the academy. He added:

"All received me very graciously."

Earlier, a number of senators said they saw nothing wrong with the West Point policy of recruiting some high school football players. But other senators found fault with it.

Jones explained there was "absolutely nothing wrong" in his requests to the congressmen.

Super-Carrier May Be Named For Sherman

WASHINGTON —(AP)— Chairman Vinson (D-Ga) of the House armed services committee said today he would seek to have one of the proposed new super aircraft carriers named in honor of the late Admiral Forrest P. Sherman.

Vinson is sponsoring a bill to build two additional large carriers as sister ships to the 60,000-ton flattop recently authorized by Congress.

Contract for the first vessel already has been awarded the Newport News Drydock and Ship company in Virginia, and a move has started in Congress to christen it the James Forrestal. Forrestal, first secretary of defense, died in a plunge from an upper story of a Washington hospital in May 1949.

Ridgway Gets Caustic Note From Commies

Claim Fabrication Of Incidents

BULLETIN

WASHINGTON—(AP)—Highly placed officials here expect the Korean truce talks to be resumed quickly.

The opinion at both the state department and Pentagon appears to be that the latest message from the Communist commanders fulfills Gen. Matthew B. Ridgway's conditions. Ridgway has demanded guarantees that the neutrality of Kaesong would be respected by the Reds.

Authorities told this reporter they attach no particular significance to the tone of the Red message.

They said the final decision was up to Ridgway, but they clearly expect him shortly to tell the Reds that the United Nations truce team is ready to return to Kaesong.

BY OLEN CLEMENTS

TOKYO—(AP)—A sharp message from the Communist command last night told Gen. Matthew B. Ridgway there would be no new violations of the Korean conference site "unless you should deliberately fabricate incidents as an excuse to terminate armistice negotiations."

The armistice talks have been suspended since Saturday on General Ridgway's complaint that armed Chinese Communist troops entered the supposedly neutral conference zone of Kaesong. The Reds promised Sunday not to let it happen again, but the supreme United Nations commander demanded a firm guarantee before agreeing to resume the negotiations.

The Reds in turn have accused the Allies of violating the zone.

The latest Red reply, broadcast by the Peiping radio late Thursday night, said Red guards again had been ordered to "adhere strictly" to the neutrality agreement around Kaesong.

It invited the Allied delegates to return to Kaesong.

The Red reply was first broad-

Senator Tobey Ill At His Home

TEMPLE, N. H.—U. S. Sen. Charles W. Tobey (R-NH) today was reported "in seclusion" recovering "slowly but surely" from a cerebral hemorrhage suffered July 15.

His daughter, Mrs. Louise Dean, said the Senator and Mrs. Tobey left their summer home for an undisclosed spot "several miles distant" to get away from the telephone which rang steadily since the illness was announced in Washington.

She added the 71-year-old senator had been "up and around" for some days.

Sen. Tobey's face became familiar to thousands of persons when television carried the proceedings of the Senate crime committee, of which he is a member.

Street Paving Moving Ahead

Crew Working On Seventh Avenue

The paving of Seventh avenue south, between 14th and 16th streets, is proceeding according to schedule, city officials reported this morning.

The paving of these two blocks is scheduled to be completed Friday. North 18th and North 19th streets, between North Fourth and North Fifth avenues, were paved earlier this week to start the city's street paving program for the summer.

In all, 32 blocks will be paved with asphalt surfacing, laid in two applications of hotmix.

Cost Of Living Likely To Rise

10 to 16 Billion Dollar Hike Seen

WASHINGTON — (AP)—Living costs may boom—by ten to sixteen billion dollars—during the next year under the present price controls bill, Economic Stabilizer Eric Johnston is reported to have said.

A source close to the ESA said Johnston made this statement at a meeting yesterday of Defense Mobilizer Charles E. Wilson's advisory board. The meeting was concerned mainly with the new controls law and possible difficulties in carrying it out.

San Salvador Cathedral And Theater Burn

SAN SALVADOR, El Salvador — (AP) — The Metropolitan cathedral and the National theatre were destroyed by fire here yesterday. About 40 persons in the theatre were reported injured.

The fire broke out in the theater's film room and flashed across Cathedral square enveloping most of the cars packed there. Firemen kept it from spreading to other buildings in this Central American capital.

The cathedral tower fell just after the clock in its spire struck four. The cathedral was a relatively modest structure built in 1888 to replace a cononial building destroyed in an earthquake which leveled most of El Salvador.

Forestry Students Coming To Escanaba

Twenty Michigan State College forestry and park management students will be in the Escanaba area Friday and Saturday on a six-day field trip inspecting recreation areas and park developments in the Upper Peninsula, it was announced today by Arthur T. Wilcox, MSC assistant professor in park management.

Escanaba's street tree system and city park development, including this year the Ludington Park bathing beach will be shown the touring students by Robert Clayton, city parks and forestry superintendent.

The students will also visit Gladstone city park, Ford River public fishing site, Pioneer Trail Park, and Rapid River roadside park.

Direct Relief At 3-Year Low

Delta County Cases Total 366 In June

Continuing a downward trend, direct relief cases in Delta county totaled 366 in June, lowest number for any month since January 1948, it was reported today by A. M. Gilbert, director, Delta social welfare board.

Indicating the direct relief case load decline in the county are figures showing 563 cases in June, 1949; 552 cases in June, 1950; and 366 for June of this year.

Of the 366 relief cases, 197 are listed as medical supplement—cases of Old Age Assistance, Aid to Dependent Children, Aid to Blind, and Aid to Disabled given medical care only for acute illness. No provision is made in federal and state grants for this aid and they are supplied with medication under direct relief. This left 192 as actual direct relief cases

Direct relief is financed by state and county funds and the cost in June totaled $11,243.53, compared to 552 cases and a cost of $21,590.27 a year ago.

Old Age Assistance, 868; Aid to Dependent Children, 207; Aid to Blind, 6; and Aid to Disabled cases totaled 1,087 compared to 1,148 last year.

The cost, financed by state and federal funds, totaled $57,493.50 for those categories in June of this year.

County hospitalization and administrative, paid wholly from county funds, compared as follows: Administrative $908.82 to $1,883.20 last year; hospitalization $1,237.48 to $3,949.23 last year.

Preparing Poultry For Market Has Its Secrets

Failing to supply even its own poultry needs, there is a good opportunity in the Upper Peninsula for the enterprising chicken farmer, Michigan State College extension specialists believe.

Most of the poultry consumed in the Upper Peninsula comes from Wisconsin or other out-state sources. Summertime tourist business booms the demand for both eggs and meat.

J. M. Moore, East Lansing, MSC extension poultryman, says the number of broilers produced in the U. P. has increased from 35,000 a year 20 years ago to 700,000 a year now—but there is still room for expansion.

Tips On Marketing

Moore, who has nearly 30 years experience in agricultural extension, conducted demonstrations and spoke on increasing income from farm poultry at the recent U. P. Farmers' Round-up at MSC experimental station, Chatham.

Deftly Moore stuck the chickens in the brain, inserting the blade through the beak.

"This renders the chicken unconscious immediately. See how loose the feathers are already," Moore said, plucking out the tail feathers.

The hatchet and block are a thing of the past in preparing chickens for market.

Water 128 degrees

Chickens are held by a leg with a looped line for slaughtering and left there until dipped in hot water for removal of the feathers.

"The water should be 128 degrees and don't leave the chicken in too long," Moore said.

Higher water temperatures do not help loosen the feathers but it does scald the skin, removing a "gloss" that makes the bird more attractive on the market.

A thermometer should be used to test the water temperature and keep it at—or as near as possible—128 degrees.

Recommend Hampshires

Larger poultry establishments will want to use an electric-powered "picker," Moore said. They pick the chicken clean and reduce labor costs.

It is a rapidly rotating cylinder with rubber projections against which the chicken is lightly held.

Hampshire chickens grown at the experiment station has resulted in that breed becoming one of the most popular in the Upper Peninsula.

Besides meat, the Hampshire flocks are excellent egg producers under good management. Work at the station has developed a program featuring January-hatched chicks that come into production in summer and lay well from July through December—high price months for eggs in the U. P. because of the tourist trade demand.

Munuscong Opens Three-Week Study Of Conservation

The three-week study course in conservation for teachers and students at the Munuscong Conservation Laboratory in Chippewa county opened August 6 under the direction of Prof. George S. Butler.

Professor Butler is head of the Agricultural department at Northern Michigan college of Education, Roger Narden, consultant for the educational division of the state conservation department assisted in the course.

Fourteen members from all parts of the Upper Peninsula were enrolled at the camp, which is located within the boundaries of the Munuscong state forest.

The purpose of the course is to give instruction to elementary and secondary teachers in the important facts and principles of the out-of-doors and to help them develop suitable plans for teaching outdoor activities and conservation.

Munuscong State Forest contains 3,756 acres with six and one half miles of frontage on Munuscong Lake, 25 miles south of Sault Ste. Marie and seven miles northeast of Pickford.

This is an ideal area for the study of conservation and nature as it contains unusual rock and land formations, hardwood forests with their variety of trees, wildflowers, birds and animals. It's marshes and swamp lands are a natural habitat for aquatic birds, animals and organisms.

Deer Hunting Test Planned

700-Acre Area Will Be Studied At Cusino

LANSING—(AP)—The conservation department today revealed plans to fence in two 700-acre areas for a closer look at how much hunting the deer herd can stand.

One of the areas will be in the Upper Peninsula near the Cusino Wildlife Experiment station and the other in the Lower Peninsula near the new Houghton Lake Wildlife Experiment station.

The plan is to study annual productivity of a given number of deer as well as winter survivals on typical tracts. This will give a better idea of the number of deer which can be shot by hunters and still maintain the number of deer needed to keep the herd at maximum numbers.

Occupational Guide Issued By State

Whitney R. Dixon, manager of the Escanaba Office of the Michigan Employment Security Commission, formerly the Michigan Unemployment Compensation Commission, has advised that the agency has distributed a new occupational guide covering Woodworking Occupations—Millman.

Millmen operate woodworking machines, and produce materials for the building trades, and jigs and fixtures used in general manufacturing. Almost all sash, window and door frames, doors, blinds, mantles, panels and porch work, stairs and staircases, baseboard, molding and other trim used in homes and offices are prefabricated by millmen.

Dixon stated that high schools and colleges, and libraries throughout Delta and Schoolcraft Counties are furnished with copies of these occupational guides for the use of interested citizens. Many occupational fields are covered, and young workers, or older workers seeking to change their jobs, will find them valuable, and the information sufficiently detailed for practical purposes.

Anyone wishing information concerning the guides is requested to contact the local office of the Michigan Employment Security Commission located at 1323 Ludington St., in Escanaba.

Lake Fishing Harvest Drops

Commercial Output Down 14 Per Cent

LANSING—(AP)—The commercial fish take from Michigan Great Lakes waters dropped 14 per cent to 3,897,000 pounds in May and June, the conservation department reported today.

The catch compared to 4,527,000 pounds harvested in the same months in 1950.

Carp, which did not show among the first four species last year in the same months, led the parade with the total haul reaching 775,000 pounds.

Herring, another newcomer among the first four, was second with 614,000 pounds.

Lake trout was third with 594,000 pounds, a drop from the 737,000 pounds taken at the same time last year. Chubs were fourth with 543,000 pounds.

Queen Contest On August 15

Sault Publisher To Do Crowning

George Osborn, publisher of the Sault Ste. Evening News, Sault Ste. Marie, will crown the queen of the Upper Peninsula State Fair Wednesday, Aug. 15, it has been announced by John MacInnis secretary.

Judges for the queen's contest on Queen's Day, Aug. 15, will be Upper Peninsula newspapermen, who will be guests of the board of managers on that day.

Approximately 15 Upper Peninsula beauties, representing cities in all sections of the peninsula, will compete for the title of Upper Peninsula State Fair queen of 1951.

The queen, to be announced Wednesday evening in front of the grandstand, will remain at the fair throughout the week and will represent the Upper Peninsula at the Michigan State Fair queen contest in Detroit.

Miss Judith White of Gladstone, 1949 U. P. State Fair queen, will act as judge coordinator at the 1951 queen's contest and will assist the judges.

Entries for the contest can be made by writing to Mrs. G. C. Meyland, U. P. State Fair, Escanaba, Mich.

St. Francis Hospital's Blood Clinic Meets Great Need Here

THE St. Francis hospital blood clinic is now in operation through the cooperation of the hospital staff, the medical profession, the Lions club of Delta county and other interested local groups.

The hospital has outfitted a complete section for the receiving and storage of whole blood. The special refrigerator needed for the storage of the blood was purchased by Lions clubs of the county, spearheaded by the Escanaba Lions club.

The development is one which will prove of inestimable value in the months and years ahead. Undoubtedly lives will be saved because an adequate supply of whole blood for any normal emergency will be immediately available at the hospital.

Also, the whole blood bank at the hospital will prove a source of plasma supply upon which the area may draw its needs in the future without necessity for annual blood collection campaigns to replenish th eplasma reserve. While blood not used for local needs during the period in which the blood retains its freshness, usually 30 days, is forwarded to the state health department laboratories for processing into bloo dplasma and other blood derivatives.

Since each user of whole blood drawn from the local bank is required to replenish the bank with two pints for each pint drawn, an adequate supply of both whole blood and blood plasma is constantly available.

The St. Francis hospital and all other groups and individuals who have cooperated to make this development possible deserve a hearty vote of thanks from all of the people living in the area served by the hospital.

Scandal Puts Focus On Moral Breakdown

FOR 150 years, the motto of the United States Military Academy has been "Duty, Honor, Country.' Now those proud words have been besmirched by the scandal over cheating in examinations, a scandal that involves far more than a breakdown in West Point's famed honor system.

In the first wave of anger which followed disclosure of the sorry affair, there was a loud tone of righteous indignation from Washington. One congressman demanded dishonorable discharge for the 90 cadets involved. Another called for suspension of football at the Academy for the creating seemed to center around some top athletes at "the Point."

From another perspective, however, football seems to be only a small part of the situation.

To be sure, the captain-elect of the football team, who was one of those involved, said many of the men thought the cribbing—he didn't call it cheating—was justified because they had given so much study time to football.

"In some cases," he said, "friendship comes above the honor system."

If that statement is shocking, we'd better think back a little before we put all the blame on the cribbing cadets.

Maybe we all ought to share the blame, because we've been sitting back and shrugging off a similar atitude in a lot of other places of honor besides West Point.

Remember what the general out in Detroit said when he was relieved for accepting the hospitality of contractors and misusing government property, just a week before the scandal at the Academy broke. He was just doing what everybody else was doing, he explained, only he got caught at it. In high places in Washington, that same attitude has been expressed in different ways—friendship that comes above honor in the form of cronyism, for one example.

Football is the symptom, not the illness, just as bribery among college basketball players was the symptom and not the real disease.

The real disease is a breakdown of America's code of moral ethics. It doesn't excuse the cadets at West Point, of course. But if we are going to restore the motto "Duty, Honor, Country" to its proper pedestal, the cure will have to begin among the nation's leaders.

U. S. Instigator Of New Wars, Russia Teaches

IN contrast to the line of their new "peace offensive," teachers of history in Soviet grade schools are reported embarked on a program that will give their students the opportunity of "understanding why the U. S. A. has been turned into the chief country of capitalism and now heads the anti-democratic camp of international reaction and is the instigator of new wars."

These grade schoolers must be the second team they're training to throw at us in case their current "peace crusaders" fail to melt the hearts of the capitalistic masses.

It's all right to act important in your own way if you don't get in the way of others.

We just hope that moderate weather isn't just around the same corner as lower prices.

Entire County Has A Dog Problem

BEFORE the end of this month the city's new dog ordinance will go into effect. Only time can tell whether the new ordinance will be any more effective in solving the dog problem than the ordinance which it superseded.

In its written form, the new ordinance appears to be an improvement over the city dog regulations of the past. It provides, for instance, for immunization of all dogs against rabies and it prohibits dogs from being on the premises of any establishment engaged in the selling or handling of foods. It provides for the impounding of unlicensed dogs and of dogs found running at large during the restricted season and assesses the costs for feeding impounded dogs against the owners.

The ordinance requires the licensing of dogs but the licenses are not provided by the city. They are purchased by the county and delivered to the city officials. This year the county did not buy any dog licenses and as a result the city has none to sell to dog owners. It is difficult to understand how the City of Escanaba expects to enforce its new dog ordinance this year when it becomes effective in another week or so without having an available supply of dog licenses to issue.

The problem of dog control in the county is another matter, although not the direct concern of the city government in Escanaba. The state law, however, makes the county government responsible for dog control. In Delta county the problem is ignored completely, which explains why the county did not even bother to put in a supply of dog licenses this year.

Coordination of county and city efforts on dog control is essential for genuine success.

VACATION DAYS

(Christian Science Monitor)

These are the days of gold and blue (when it isn't raining). Awaking from sleep, we swim upward in a lake of light (when we don't burrow downward from an unseasonable morning rawness). A fresh intensity of heat, unlike the heavy smoldering of August, glows on an earth that still remembers springtime (when it doesn't hint at November).

Even the long and golden evenings are a sort of vacation to those who work by day —a bonus of daylight, an unearned increment of festival. To work in the garden, to walk in the park, to drive in the country, to sit on the porch: here is relaxation that still retains an edge of alertness, a hospitality to pleasant thoughts, not a mere sinking into sultry stupefaction.

Yes, even for those who work, these are ideal vacation days (when it's fine, that is).

Questions and Answers

Q—Are there many different varieties of rice?

A—In the museum at Calcutta, India, there are no less than 1107 different varieties of Indian rice, in addition to 1300 varieties from other countries.

* * *

Q—In Edgar Allan Poe's "The Raven" what is an explanation of the use of the word "Aidenn"?

A—Aidenn means paradise. The spelling is an Anglicized form of the Arabic for Eden. For the sake of rhyme, Poe used this spelling in "The Raven."

* * *

Q—What is peat and how is it formed?

A—Peat is a product of decayed vegetation, found in bogs. It originates with aquatic plants, such as reeds, rushes, mosses and sedges. As they decompose, partly by oxidation from the moist air, and partly by the action of bacteria, molds and fungi, they become waterlogged, and the mass settles to the bottom of the pool. Thus a considerable thickness, as much as 20 to 25 feet, may be built up.

Q—What African city is named for a president of the United States?

A—Monrovia, the capital of Liberia.

Growing Up

By Gordon Martin

MARTIN

You may chuckle every time you hear a youngster speak of age, as they reach another birthday and begin another page. In their book of life they figure that a year can mean a lot, and that one who isn't quite as old is just a little tot. So you scarcely can repress a grin when Sister, turning ten, thinks she's through with playful younger boys and now would know some men.

Why, she says, the kids just five and six who play with dogs and cats, are beneath her grown-up notice and are bawling little brats. And the ones who now are eight and nine— they certainly are young, and it's older, wiser people that she'd rather be among. For, you see, the children ten years old have come of age at last, and those silly things they used to do are buried in the past.

Then you wonder at the sudden change a year of age can make, in the thinking of a child who would her fleeting youth forsake. And you're startled when you hear her say, instead of bikes and skates, that the time is coming shorty when she'd rather have some dates. So you know you can't convince her that in time she'll change her mind, and a year will be a treasure sh'll regret to leave behind.

Merry-Go-Round

By DREW PEARSON

WASHINGTON—Much of the waste of Chinese Nationalist war supplies could be avoided if the millions of dollars worth of munitions we have sent to Formosa were handled direct by the U. S. government and supervised by us.

Instead, a peculiar system of middleman is used, thereby permitting graft, rake-offs and comshaw to creep in. It's suspected that part of this is to help finance the China lobby which at times has had powerful influence in the U. S. Senate. Just who is getting the rake-offs remains a mystery.

Here is one illustration of how 2,956,170 gallons of aviation gasoline was ordered for the Chinese air force on Formosa, a purchase costing a cool million dollars.

This order was placed on Jan. 1, 1950—not during the hectic war days when the state department white paper tells of widespread graft in the Chinese army.

But though conditions were relatively peaceful in January, 1950, and the Korean war had not started, this huge quantity of gasoline was handled by the Chung Foo company, a broker in Formosa. The Chinese air force procurement office in Washington was merely informed by cable that the 2,956,170-gallon order had been placed with this broker.

This was peculiar on the face of it, because the Chinese air force had its own office in Washington for the specific purpose of buying these supplies. Another peculiar aspect was that the price was fixed as of September 1949—or 33.82 cents a gallon. This actually was a higher price than the Chinese needed to pay, for, by January 1950, the price had dropped.

SAN FRANCISCO GROCER

Regardless of this, however, the Formosan government signed a final contract with the Chung Foo company on Feb. 9, 1950, and the next day the Chinese air force in Washington was ordered by cable to make a million dollars available at the Wells Fargo Bank in San Francisco to South China Enterprise, Inc.

In other words the Chinese air force in Washington, having had nothing to do with the purchase of the gasoline, was instructed merely to pay for it.

South China Enterprise, Inc., was described as the American agent for the Chung Foo company in Formosa. However, investigation proved it was nothing more than a hole-in-the-wall grocery store in San Francisco's Chinatown.

Patriotic Chinese, who did not want to see their country gypped, investigated further and found that the total assets of the grocery store were only a few hundred dollars. Yet it was supposed to handle a deal involving one million.

Furthermore, the grocery-store proprietor, knowing nothing about gasoline, turned the deal over to another middleman named Alexander Lindenbaum, who then contracted to buy the gas from Cities Service.

In other words, the Chinese government could have bought the gas direct from Cities Service in the first place, instead of which it went through three middlemen—the broker in Formosa, the grocery store in San Francisco's Chinatown, and Alexander Lindenbaum.

The man who placed the gasoline order was Gen. C. J. Chou, Chiang Kai-shek's chief of staff, whose rank corresponds to that of General Bradley in the United States.

In the end, the deal was stopped when it reached the ears of conscentious Sen. William Knowland of California.

RUSSIAN DRIVING LICENSES

There is one interesting sidelight about the plan to make Russian diplomats in Washington take the same stiff auto-driver test that our diplomats are given in Moscow. American diplomats are almost forced to qualify as mechanics before getting a driver's license—which, of course, is for the purpose of making them use Russian chauffeurs in Moscow.

What the American public doesn't know, however, is that Soviet diplomats figured two months ago that we might make them take the same kind of stiff test. So, two months ago, the Russian embassy hired several "learn-to-drive" experts to teach its staff all the technical details of auto repair.

For weeks since then, the "learn-to-drive" cars arrived in front of the Soviet embassy, picked up a Red diplomat and went careening down 16th street in another minor skirmish in the global cold war.

Into The Past

10 YEARS AGO

Escanaba—Miss Madelyn Ward, daughter of Rev. and Mrs. James G. Ward, is the new women's tennis singles champion of Escanaba. She defeated Miss Marion Hebert in the finals of that division in the city tournament Friday afternoon.

Gladstone—Hoken Dahli and Lauritz Dahl of this city had a pleasant surprise the past week when a sister, Mrs. N. Johnson, Boston, Mass., visited them. It was the first time in 35 years that they had seen each other, the last time having been in Oslo, Norway, where they were raised.

20 YEARS AGO

Escanaba—Donald Boyce, Escanaba, won the twentieth annual upper peninsula golf championship for the fourth time today by defeating Billy Bowers, of Houghton, one up in 18 holes over beautiful Wamonowin golf course at Ishpeming. Boyce after being three down at the eighth hole staged a thrilling comeback to win the match on the eighteenth green by holing a six foot putt for a half.

Gladstone—Brigadier and Mrs. Gabrielson, Chicago, will be guests of honor at a meeting to be held in the Salvation Army hall at 612 Delta avenue, Tuesday evening, beginning at 8 o'clock. The Gabrielsons are the new leaders for the Central Scandinavian territory.

Manistique—Easy access will be had to the fairground in the near future through the efforts of the county road commission which is building a new wide macadam road connecting US-2 on Maple avenue, directly to the grounds. The stone will be laid by Monday and it is expected that the road will be completed by the end of the week.

Small City Store Does Biggest Food Business Under One Roof In U. S.

By RICHARD KLEINER
NEA Staff Correspondent

HACKENSACK, N. J.—(NEA)—Frank Packard is a lot like the store he runs, except in size. He's a small man and his store is tremendous. But they're both dynamic, successful, well-groomed and a little flamboyant.

His business is hard to pin a label on. It's too big to be called just a store, yet it isn't quite big enough to be a regular department store. Packard himself has trouble classifying it.

"I guess you could call it an old country store, gone modern," is the way he describes Packard-Bamberger, known more simply around northern New Jersey as Packard's.

That's an apt description. Like an old-fashioned general store, Packard's chief business is food. It is a super-super-market, with shelves stretching for over a city block. You can stand at the check-out counter and look down to the other end and it seems like it must be in another county.

* * *

But there's much more to Packard's than the food departments. Sharing the first floor with them are counters where you can buy drugs and men's furnishings and closet accessories and liquor. In the basement are such things as housewares and hardware and radios. On the second floor is a complete fashion store for women. Outside is a garden shop and garage. Tucked in odd corners are a barber shop, restaurant, post office, bar and cobbler's shop.

As far as Packard can arrange it, everything is self-service. It is his theory that the self-service method of merchandising saves customers money. He claims that his store gives about 83-cents-worth of merchandise for the consumer's dollar.

Packard's, which opened in 1932, was the first super-market, he believes. And he sees a completely self-service department store as the next forward step in merchandising.

"It's a very simple idea," he says. "So simple, in fact, that nobody sees it. Manufacturers just don't package soft merchandise right for self-service now, but it's only a matter of time."

* * *

Packard sits in a big, comfortable office on the building's second floor. The windows are unscreened and open, and bees fly in and out from their nests in the ivy that covers the snowy white walls. His office is decorated with dozens of pictures and framed clippings, with hundreds of ribbons from his horse-show days, with a set of golf clubs mounted on a wooden plaque, with a pair of boxing gloves from Joe Louis.

"I helped Louis get started riding horses," Packard says, "and he gave me those gloves. He claimed he knocked out Billy Conn with them."

Packard leans back in his chair and talks about his business as though it were a person. He is a healthy-looking 44, with curly brown hair and a ruddy complexion. He wears white shoes, white collars and cuffs on a blue shirt and a polka-dot tie. He is the picture of a successful businessman.

But it wasn't always so. He was a youth who loved literature, and he majored in that field at Yale. But he graduated in the depression days, and literary scholars weren't in great demand. His education got him a job selling books in Brooklyn.

One day his father-in-law called him up from Hackensack about another man's "crazy idea."

The "crazy idea" was for a gigantic super-market, and even Packard took a long time in getting sold on the scheme. The first man couldn't make a go of it, and Packard and Edgar Bamberger, who was looking for something to do after selling his big Newark department store, took it over.

Packard invented the first self-service carrying cart. He worked with manufacturers on packaging. He undersold competitors.

* * *

In 1938, he challenged the state's fair trade law. In a big ad, headlined "We are wilfully violating the most pernicious law ever passed in the State of New Jersey," he deliberately marked down price-fixed goods. The case was taken to the State Supreme Court, and Packard won.

Through the years, Packard's has prospered. Today it has a 12-acre site. It can park 3000 cars. On its shelves are a fabulous variety of foods, such as 32 different brands of canned peaches. In a week it sells over 3000 cases of beer, a couple of tons of frankfurters.

During an average week-end it will have 30,000 customers. It claims to do the largest food business under one roof in the country.

"I can't prove that, of course," says Frank Packard. "But whenever anybody else makes that claim, I challenge them to compare figures. So far, I've had no takers."

Letters From The People

Two Gold Star Mothers

Dear Editor:

There are two organizations of Gold Star Mothers which have chapters in the various states and with a national organization.

The American Gold Star Mothers, as one is known, was founded in 1928 by Gold Star Mothers of World War I, under the laws of the District of Columbia in Washington. Most of the original founders are now deceased, and its current president is Mrs. Eleanor Boyd, of Long Beach, Calif.

The National Gold Star Mothers, Inc., is a younger group, incorporated under the laws of the state of Delaware, and was founded by former members of the American group who severed their connections with American Gold Star Mothers after Mrs. Boyd was elected president. National Gold Star Mothers, Inc., were incorporated in March, 1950, and during its short existence have a number of chapters in several states and is a growing organization. Mrs. Eva Trenchard is National president.

In November, 1950, American Gold Star Mothers filed suit against the National Gold Star Mothers, Inc., on the contention the names were conflicting and confusing. Judge Holtzoff of the U. S. District Court in Washington dismissed the suit filed by the American group pointing out that the name should not be confusing to any intelligent person and other similiarites existed such as the National Broadcasting Co. and the American Broadcasting Co., Mrs. Boyd, president, of the American group has filed an appeal.

Mrs. H. D. Choate, of Green Bay, Wis., National Vice President and Northwest Area Director, was recently in Escanaba and has organized several chapters this summer in Wisconsin, Minnesota and the Upper Peninsula of Michigan for the National group.

According to Mrs. Choate, it is disgraceful and unworthy of Gold Star Mothers to indulge in legal actions against other Gold Star Mothers who have so much in common and suffered the same loss, and while National Gold Star Mothers, Inc., must go into court to protect its right to exist, it is distasteful to the National Gold Star Mothers, Inc.

Mrs. Choate wants it made clear to everyone that the National Gold Star Mothers, Inc., is not connected in any way with the American Gold Star Mothers—and that in press announcements of organization meetings she has held it has been so stated.

Signed:
Member of
National Gold Star Mothers.

Importance Of Seaway

Dear Editor:

Your editorial of July 19th concerning the St. Lawrence Seaway project states that opposition in the House Public Works Committee can be traced to regional thinking.

Although the railroad and coal interests are primarily responsible for the tough sledding the Seaway has had thus far, there is a certain amount of basis for your theory. For example, congressmen from Oregon, California, Idaho and Kansas voted against the St. Lawrence in the Committee. The railroads' antagonism, aided and abetted by provincialism, thus deprived the country for the time being of desperately needed electric power and a cheap transportation route.

Besides furthering the national welfare, the St. Lawrence holds many specific advantages: Committee hearings revealed that from 3 to 8 cents would be saved on every bushel of Kansas wheat shipped through the Seaway. Translated state-wise, this amounts to $5 to $13 millions in transportation savings for the Kansas wheat crop alone. Therefore, it is difficult to comprehend Kansas opposition when both local and national interests coincide.

It would be regrettable if Middle Western congressmen were forced to adopt the approach you describe, that of voting against projects in other areas as a regional tit-for-tat, in order ultimately to secure approval of the St. Lawrence. Such a course could defeat the humanitarian goal of flood control for Kansas and other states. I would rather hope that public sentiment from the voters at home will induce these congressmen to take into consideration the urgent needs of our entire nation.

Sincerely,
Thaddeus M. Machrowicz, M. C.

Good Evening...

By CLINT DUNATHAN

RECOGNITION — Charles M. Ziegler, Michigan state highway commissioner, writing in the July issue of American Highways magazine, tells the history of the state ferry service at the Straits of Mackinac—a highway on water.

The story is familiar to most Michigan residents and the transportation situation there is sometimes all too well known.

Michigan county treasurers, coming to Escanaba from downstate, reported waiting one to five and six hours at Mackinaw City for a boat because of the volume of traffic.

Commissioner Ziegler recognizes this situation and frankly admits to it in citing the growing traffic, for he writes, "five state-owned ferries, operating seven days a week and sometimes around the clock, still fail to supply completely adequate service at peak periods."

* * *

LOOKING BACK—The highway commissioner recalls an earlier time when crossing the Straits by auto was not only slow but very costly.

We remember those days from actual experience, when we came to the Upper Peninsula in 1918 as a boy.

The car was left at a railroad siding, the gasoline was drained from the tank, and then the auto was pushed up an incline onto a flat car. The flat car made up part of the train shunted into the railroad car ferry.

On the St. Ignace side our auto was rolled from the flat car, the gasoline poured back into the tank, and we went bumping away over the railroad ties to the highway.

The crossing had required three and one-half hours and the railroad charged us $23.

* * *

STATE COMES IN—State-wide demands for state ferry service resulted in 1923 in creation of the state ferry system operated by the state highway department. Late Sen. Frank P. Bohn of Newberry sponsored the bill.

In 1923 a total of 10,351 vehicles were transported on the state boats. Last year the vehiciles totaled 604,612 and the passengers 1,483,759.

Cost to the pasenger car owner ranges from $2 for a small car to $3.50 for the largest. Crossing time (once the passenger is on the boats) is about 50 minutes.

* * *

ALWAYS EXPANDING — First state ferry was the old Ariel, capable of carrying only about 20 automobiles.

Today's state fleet includes the boats City of Munising, 95 cars; City of Cheboygan, 88 cars; City of Petoskey, slightly less than 100; and the smaller Straits of Mackinac, 50 cars and trucks.

In April this year the Vacationland was launched. It will carry 150 vehicles and is an ice-breaker for year-around service. New docks are being built at St. Ignace to accommodate the Vacationland, and three other end-loading vessels.

Location of the new docks will shorten the run from 7.25 to 6 miles.

* * *

BRIDGE NOT FORGOTTEN—Back in 1940-41 the state highway department constructed a causeway dock approach, designed to be incorporated into the proposed Straits bridge structure. It has never been used.

Commissioner Ziegler cites the steps taken by the Straits Bridge Authority toward consumation of the project, held feasible in 1950 by three engineers of national repute. Cost of the structure was estimated at $87 million.

Even if financed there is little hope the project could be started in the foreseeable future because of the restrictions on critical materials, the commissioner reports.

Meanwhile the highway department "must continue to provide adequate service across the Straits of Mackinac until such time as a bridge, if built, could be opened to traffic."

Take My Word For It . . .

SECRETARY'S HANDBOOK

Syracuse: Will you please publish in your column a list of the standard abbreviations that are acceptable for use in business letters? I am never sure whether I should write Inc., or Incorp., Lieut., or Lt., etc.

Answer: Thanks for the suggestion. There is a great deal of confusion existing about the proper way to write standard abbreviations. By "standard" I mean, of course, those forms which are customarily appreviated in all types of writing.

According to our best authorities the following forms are the preferred ones:

A. D.—(anno Domini) in the year of our lord.
A. M., a. m., AM, or am—ante Meridiem-before noon.
B. C.—before Christ.
cc:—carbon copy (or copies) to
C. O. D., or c. o. d.—cash on delivery.
Dr.—Doctor (as a title) .
et al.—(et alii) and others.
e. g.—(exempli gratia) for example.
F. O. B., or f. o. b.—free on board.
ibid.—(ibidem) in the same place.
i. e.—(id est) that is.
Inc.—Incorporated (as part of a company name).
Jr.—Junior (as part of a proper name).
Lt. or Lieut.—Lieutenant (as a title used with a name).
Messrs.—(Messieurs) Gentlemen; Sirs (seldom used except as plural masculine title).
Mmes.—(Mesdames) plural title for married women.
O. K., or OK—all right; correct
op. cit.—(opere citato) in the work cited.
P. M., PM, p. m., or pm—post meridiem (after noon).
pro tem.—(pro tempore) for the time; temporary.
P. S.—postscript (in a letter notation).
R. F. D., or R. D.—rural free delivery; rural delivery.

An Indiana barber was slightly injured when his own car rolled back into him. You're next—to hear all about it!

Once a group of gossips gets wound up, look out for a lot of running down.

Nuclear Power Plant Planned

Britain To Build First In World

LONDON — (AP) — The Daily Mail said today British atomic scientists are ready to begin building the world's first nuclear power station.

All that is needed to get the project under way, the newspaper said, is approval of a government grant of £900,000 ($2,520,000) to begin construction of the plant:

The Mail said the project would be entirely independent of coal supplies which now produce almost all of Britain's power. The plant will be located at Harwell, headquarters of government atomic research work.

Senators Favor Grid Recruiting

See Nothing Wrong In West Point Deal

WASHINGTON — (AP) — Some senators found no fault today with West Point's policy of recruiting a few high school football players; others did.

"I don't see anything wrong with that," Chairman Hoey (D-N. C.) of the Senate's special investigating subcommittee told a reporter. "All of the colleges try to get some of the cream of high school players each year."

Hoey's investigating group had decided on a hands-off attitude for the present in the dismissal of 90 West Point cadets, including many football players, for cribbing on exams and classwork.

At West Point yesterday Col. Earl Blaik, coach of the academy's recent top-flight football teams, told of recruiting some high school players. He added:

"If we did not do that we would be unable to have any athletes in West Point able to play a normal schedule."

Blaik denied that high school players were high-pressured, saying many contact West Point to ask the chance to enter.

He said 24 got a chance this spring, seven passed the rigid exams, but only five actually entered with the July class.

Princess Elizabeth To Duck New York

LONDON—(AP)—Princess Elizabeth and her husband, the Duke of Edinburgh will not visit New York on their American tour this fall, it was learned today.

They have sent a message of Grover Whalen, chairman of the New York mayor's reception committee, expressing "deep regret" at being unable to visit the city.

It had been hoped that the royal couple might tour the biggest U. S. city either before or after their Oct. 24-26 visit with President Truman in Washington.

DETROIT—(AP)—Princess Elizabeth of England and her husband, the Duke of Edinburg will make an overnight visit to nearby Windsor, Ont., Oct. 7-8 as a part of their 48-day tour of Canada.

The royal couple will arrive across the Detroit river at 11:30 p. m. Sunday, Oct. 7, by Canadian National Railroad from Toronto and Niagara Falls. They will depart at 1 p. m. Monday, Oct. 8 by plane for Kapukasing, a gold mining town in the Northern Ontario wilds, 200 miles northeast of Sault Ste. Marie.

The state of Travancore is at the southern tip of India.

Russia's major far eastern oil field is on Sakhalin Island.

World Golf Title Meet Under Way

CHICAGO—(AP)—Ben Hogan and 68 other of this planet's best pros today charged after golf's biggest purse, $12,5000, in an all-business atmosphere that has replaced the usual carnival-like air that once freshened Tam O'Shanter

Promoter George S. May, who introduced $1 golf to Chicago's populace, has upped his turnstile fee to $2.60 for today and tomorrow and $3.60 for the final two days of the 72-hole meet he calls the "world championship of golf."

In all, May has put up a total $56,000 for his self-styled "world" affair. The women, featuring such pros as Babe Zaharias, Patty Berg, Louise Suggs and Alice and Marlene Bauer, will be shooting for a $2,100 first award.

Ten men amateurs, led by Frank Stranahan, will be playing along with the pros for the "world" crown

Richardson Named Best Tennis Star

NEWPORT, R. I. —(AP) — The three members of Australia's Davis cup defending forces today compared notes on the half-dozen or so brilliant newcomers in America's tennis ranks while waiting for their matches in the Newport Casino invitation tennis tournament.

The consensus was that Hamilton Richardson, the Baton Rouge, la., youngster, was by far the most promising of this country's younger crop.

"Richardson has good ground strokes and a wonderful backhand," Esca Stephens, Australian manager, explained. "He seems destined for the national championship."

The Aussies analyze the strength and weaknesses of every rival they encounter while making long range plans for the challenge round matches back home in Sydney late in October.

Ridgway Gets Caustic Note From Commies

(Continued from Page One)

cast in Chinese.

As translated into English by hearers in Tokyo, it omitted the "deliberately fabricate" angle and sounded generally much more polite in tone than the official English version which was heard a little later.

The English version is regarded as the official one, however.

Allies Deny Charge

The long delayed reply to a message the U. N. commander sent Tuesday was linked with a Red complaint the Allies themselves had violated a neutrality agreement. This complaint was rejected as unfounded.

An open Communist violation of Kaesong's neutrality had led Ridgway to break off negotiations until the Reds guaranteed it wouldn't happen again.

Tuesday Ridgway demanded "complete compliance."

The Reds replied, according to the translated version:

"We have already solemnly guaranteed strict adherence" to the agreement.

This phrase was significantly omitted from the English version as carried by Hsinhua, a Chinese Communist news agency.

In both translations, the top Red leaders said they had issued new orders that their soldiers observe the neutrality agreement. And both expressed hope that Ridgway would send his negotiators back to Kaesong to resume negotiations.

Reply Not Indicated

There was no immediate indication of when General Ridgway would reply; nor of when armistice negotiations might be resumed.

Red China's broadcast came a few hours after Communists protested Allied planes had violated a safe conduct pledge for truce convoys.

Top Communist negotiator, Lt. Gen. Nam Il, said a truce truck bearing white flags was machine-gunned Tuesday enroute from Kaesong to the Red capital at Pyongyang.

Vice Adm. C. Turner Joy, head of the U. N. truce delegation, promptly rejected the protest as invalid. He said Reds had not announced the time and route the truck would travel, as required.

And Joy openly wondered whether the Reds "are abusing the use of white markings," supposed to be used exclusively by truce teams.

Chinese and North Korean commanders, in their message to Ridgway, said they would protest any apparent violations connected with negotiation agreements.

Hambletonian Will Try Again Today

GOSHEN, N. Y.—(AP)—The Hambletonian tries again today.

The 26th buggy whip derby was postponed from yesterday when heavy rains made the track too hazardous.

This horse loving community of some 3,000 people, home of the rich classic since 1930, is jammed with the elite of the sport and just plain fans from every section of the country.

Hundreds arrived yesterday morning before the postponement was announced. They were joined by thousands more later in the day and this morning. Upwards of 25,000 people were expected to jam the rambling stands along one-side of the triangular track.

Postponement of the race, first since 1946 when Chestertown won after a one-day delay, brought no change as to the probable winner.

Veterans had decided the horse most likely to succeed and take down the major share of the $95,264 purse will come from the Du Quoin, Ill., owned Hayes Fair Acres stable. That means the winner will be either Spennib or Mighty Fine. The entry was quoted at 7 to 2.

Detroit Officials Won't Arbitrate DSR Wage Dispute

DETROIT — (AP)—City officials stood pat today in their refusal to arbitrate a wage dispute with the Streetcar and Bus Operators Union (AFL).

The Department of Street Railways (DSR) agreed, however, to continue mediation with the union. Attempts to mediate the dispute have been under way following a 59-day strike of public transit workers last spring.

Ann Arbor Youth Watch Video 19 Hours Weekly

ANN ARBOR, Mich.—(AP)—How many hours a week does junior watch TV? Nineteen, says a University of Michigan instructor.

The instructor, Tom C. Battin, adds that the total is high, but he sees no danger in it.

Battin made a study of the TV-viewing habits of 6,000 children in 16 Ann Arbor schools, He wanted to determine the effect of television on the educational development of school children.

Each student was asked to keep a seven-day diary, recording all viewing for a given week. Battin then totalled up the figures so as to give a composite picture. His findings include:

Each school child watched television for an average of 19½ hours a week.

Girls in grades one through three watched the shortest time—14 hours 21 minutes—while girls in grades seven through nine watched the longest 23 hours 42 minutes.

For children in grades one through three, viewing was concentrated between 4 p. m. and 7 or 7:30 p. m.

Boys and girls in grades four through six watched most just before and just after dinner, with viewing taperingoff about 9 p. m.

The heavy viewing periods for seventh and eighth graders were from 7 to 8 p. m. and 8:30 to 9:30 p. m.

Ninth and tenth graders did not begin viewing until after dinner, but 80 per cent remained before the screen until 10 p. m.

Senior high school students began their watching about 6:30 p. m., with attention concentrated on news and sports. Heavy viewing began about 8 p. m. and lasted through 10:30 p. m.

Weekend night viewing was generally low, with only about 20 percent watching TV.

The reason why the total time is not dangerous, Battin summarized, is that the viewing is broken up into small periods each day.

Sinatra Plans Divorce Suit To Marry Ava

RENO, Nev. — (AP) — Crooner Frank Sinatra announced today he will divorce his wife Nancy so he can marry movie siren Ava Gardner.

The entertainer talked affably with newsmen in his suite at the Riverside hotel, where he opens a $25,000 two-week singing engagement tonight.

"I'm going to file for divorce while I'm here," said Sinatra.

He said money matters and custody of their three children were settled in their separation agreement some time ago. Under terms of that agreement, Mrs. Sinatra gets one third of his income.

Asked if he would marry Miss Gardner—with whom he has been romancing in the U. S., Spain and Mexico — Sinatra grinned and said:

"I would assume so."

15 Persons Die From Texas Heat

DALLAS, Tex. — (AP) — Texas counted 15 persons dead today from the current heat wave that has scorched the state for almost two weeks. In at least four other deaths, heat was listed as a contributing cause.

Weather observers said there was only a little relief in sight.

More than 25 points yesterday reported temperatures of over 100 degrees, with the hottest spot being Presidio on the far-west border of the state. There the thermometer hit 114.

Poland's Big Spy Trial Recessed

WARSAW, Poland — (AP) —Poland's big spy trial has recessed until tomorrow after hearing a former vice minister of defense testifying that he had packed the army with reactionary officers.

Lieut. Gen. Marian Marek-Spychalski told the court trying nine high-ranking officers for espionage and sabotage that he had consulted former Vice Premier Wladislaw Gomulka before making appointments including one of the defendants, Maj. Gen. Franciszek Herman. Gomulka approved them, he said.

Prince Philip Raps Britain's Failure To Modernize Plants

EDINBURGH, Scotland— (AP) — Prince Philip, duke of Edingurgh, spoke out last night against Britain's failure to apply scientific discoveries to industry faster.

The duke, husband of Princess Elizabeth, suggested that shortages of such materials as non-ferrous metals, steel alloy metals and sulphur could be licked by improved design, use of substitutes and scrap reclamation.

Five Alleged Reds Freed Under Bail

DETROIT — (AP) — Five more alleged alien Communists awaiting deportation hearings were free today after posting government securities as bond.

Federal Judge Theodore Levin, following a colleague's precedent, accepted the securities yesterday as bail bond ranging from $500 to $5,000.

A day earlier Judge Arthur F. Lederle accepted U. S. securities as $500 bond from the Civil Rights congress.

threat of prison, to "squeal" on his teammates in the exam-cribbing scandal at the U. S. military academy.

The Kimball, Minn., youth, one of 90 facing dismissal for violation of the academy's honor code, told his story in a by-line article written for the New York Journal American.

"They kept hammering at me," he related. "Even if I knew my rights, which I now know, I would have told my part in the cheating. But I wouldn't have told about the others. I didn't want to squeal on my teammates."

Loehlein said he was handed a long sheet of paper by the examining colonel and told to check the names of those who cribbed.

"I checked 20 names," he said.

The football captain said he had been ushered into a large, bare conference room where three "grim-looking" lieutenant colonels sat behind a long wooden table.

He said he was asked to recite an oath and then he was asked point blank: "Did you crib "

Loehlein said he answered "yes." Then he was asked to tell all about it with this threat: "If you lie, that is a prison offense."

McCarthy Blast To Be Delayed

WASHINGTON — (AP) — Routine Senate business today threatened to delay Senator McCarthy's plans to make public the names of 29 state department employees whose loyalty, he says has been questioned.

"I don't plan to delay the calendar call by making my speech in bits," the Wisconsin Republican told a reporter. "But I hope to get the floor, possibly late in the day."

The Senate was scheduled to call its calendar of bills under a system whereby routine measures are passed as read unless some senator objects. Any senator can speak for five minutes after each bill is brought up. In the past some senators have made lengthy speechs in five-minute spurts.

Actor's Paternity Suit Under Way

LOS ANGELES — (AP) — Testimony that another man was intimate with the former wife of Actor David Brian has been introduced in the paternity suit involving the 17-month-old son of Mrs. Bonita Feidler Davis, 27.

Robert C. Sherman, 25, a witness in the suit to have Joan Crawford's leading man in "Flamingo Road" named the father of Michael Brian Davis, testified he made love to Mrs. Davis in the San Francisco hotel where they lived in 1949.

Brian's legal name is Brian James Davis. He denies he was intimate with his former wife after they separated in 1948. The child was born March 14, 1950.

Guards To Leave For Camp Friday

U. P. Outfits Will Travel By Motor

LANSING—(AP)—The movement of 7,000 Michigan National Guardsmen to field training sites at Camp Grayling, Mich., and Camp Perry, O., will begin Friday, Brig. Gen. George C. Moran, state adjutant general, said today.

Nearly 2,800 officers and men will travel to Camp Grayling in 700 motor vehicles and 14 light aircraft. Another 250 will travel to the camp in buses while the remaining 3,000 will move to Grayling in six trains made up of 44 tourist cars, 34 coaches, 12 baggage cars and six kitchen cars.

The 500 members of the 146th antiaircraft artillery automatic weapons battalion of Detroit and the 300th antiaircraft artillery gun battalion of Baraga, Iron River, Ironwood, Kingsford and Manistee will travel to Camp Perry by motor vehicle, rail and bus. The motor movement from the Upper Peninsula will be via Wisconsin, Illinois and Indiana.

Guard personnel from Calumet and Ironwood will be the first to get under way, leaving for Grayling by motor vehicle Friday morning. Most of the movements, however, will begin Friday evening and Saturday morning.

Bus movements will originate at Alpena, Ann Arbor, Big Rapids and Cheboygan.

Though some National Guard motor vehicles will begin the trek from the Upper Peninsula Friday, the majority will begin to roll at dawn Saturday. They were expected to clog many of the state's main highways until mid-afternoon Saturday when the last convoys were expected to arrive in camp.

In lining up Willoughby for testimony, the Senate group got the jump on the House committee, which had scheduled the general for hearings Aug. 21 and 22.

The House committee, however, made the case a two-ring attraction today by calling for testimony on the affair from a pre-war Japanese prosecutor now in the United States studying legislative procedure.

The House witness is Mitsusada Yoshikawa, who questioned Sorge after his arrest in 1941. Yoshikawa was public procurator of the Tokyo district criminal court at the time.

WASHINGTON — (AP) — Japan's top investigating officer testified today the Russians knew a month before Pearl Harbor of the Japanese plan to strike at the United States and Britain in the Pacific.

The House un-American activities committee drew this testimony from Mitsusada Yoshikawa, chief of the special investigating bureau of the Japanese attorney general's office.

The House group and a Senate subcommittee were simultaneously holding separate hearings revolving about activities of a Soviet spy ring, headed by Richard Sorge, which operated in Japan before and during World War II.

Indians Like To Play Cowboy In S. Dakota

By HAL BOYLE

SIOUX FALLS, S. D.—(AP)—When a guest departs, he usually dropsh is host a bread-and-butter note.

And on leaving South Dakota, I'd like to write a thank-you note to a state where I've had a world of fun and good food. The main thing South Dakotans complain about is that the rest of America doesn't seem to know what they've got out here in "the land of infinite variety."

"Maybe you'd better start off your article by pointing out that South Dakota is one of the 48 states," an editor remarked dryly.

What do they have out here, where the deer and the antelope played and the buffalo roamed? Well, you can still find buffalo, deer and antelope—and some of the nation's greatest Indian reservations,.

10 Gallon Hats

They've got 10 gallon hats, ear-to-ear grins, and a mile-deep gold mine. They've got endless miles of waving corn and wheat, and rolling oceans of grass studded with fattening herds of cattle, they've got dinosaur tracks in stone. And not far away they've got a big B-36 airbase, where modern monsters of the sky rise to guard our northern frontiers.

South Dakota is a mixture of the old west and the new west. The tourists love the legends and symbols of the old west, such as the small cemetery above Deadwood, where wild Bill Hickok and Calamity Jane lie side by side. Or they like to visit the homestake mine, which has yielded more than $550,000,000 in gold since 1875.

The Indians are still willing to play Indian for the tourists. But for themselves they like to play cowboy.

"Most of them prefer to dress like cowboys," said one oldtimer.

The buffalo are on government preserves now and can thumb their beards at hunters. But sportsmen fly from both coasts here to hunt Chinese pheasants. They are almost as beautiful as birds of paradise.

All South Dakotans love their famous Black Hills, a wonderland of fish and game where the Indians believed the great spirit of Manitou dwelt. Once a year they made a pilgrimage into the hills to fashion their arrowheads and tomawhawks.

Several years ago a few Sioux braves climbed atop Bear Butte, a former Indian signal post, for a fast in honor of Manitou that lasted several days. When they came down, spiritually exultant but physically starved, a white man asked what they'd like to eat first.

"Ice cream." grunted the first brave.

The Black Hills are free of snakes, and Potato Creek Johnny, an old prospector, used to tell why. He said all the snakes in the hills once attended a convention and decided to hold a sun dance. As they were circling, one lazy snake caught on to the tail of the snake ahead in order to get a free ride. Soon all had done the same thing.

"Then they got hungry and began to swallow," Johnny said. "The more they swallowed the smaller the circle got. Finally they all just swallowed each other up—and the circle disappeared.

No Snakes Since

And there hasn't been a snake in the Black Hills since.

The Badlands, where the morning sun flickers in brilliant colors on stones eroded in fantastic shapes by wind and rain, are like you would imagine the surface of the moon to be. Some one in our car asked what I thought they resembled. "Like my bedroom on an average morning," I replied absentmindeedly.

"Oh, they do." said my wife, Frances. And after that there was silence in the car for several miles.

We rode across the surging prairies, huge waves of eternal grass, great green factories for the hereford flesh that feeds the cities. And then came the deep sweet fields of the Sioux river valley, lush with oats and corn ripening toward harvest.

Fifteen years ago these tremendous acres had been sunburned into "the dust bowl," and the land sickened. But then the years of the rains came, and the and healed itself and the tired people who had stuck stubbornly with it.

Today South Dakota is tanned, healthy and happy—and has a cash balance in the state treasury.

Yes, they've got everything out here. Everything except a subway.

To a city boy that's one of the nicest things about South Dakota. It takes people with a real sense of values to refrain from building subways.

Roasted Possum Competes With Beef In Florida

ST. PETERSBURG, Fla — (AP)—Roasted possum and sweet potatoes are competing with high-priced meats on dinner tables hereabouts.

A couple of enterprising Negro grocers, Sidney Harden and James Nelson, have started raising their own possums.

"They're our biggest selling meat item," says Nelson. "We sell 'em as fast as we can raise 'em."

They get about $1.50 for a plump, year-old possum weighing four or five pounds.

"Well roasted, it tastes just like roast pork," Nelson says.

Grand Marais Youths Injured In Motorcycle Mishap

GRAND MARAIS — Robert Erickson, jr., son of Mr. and Mrs. Robert Erickson, sr., of Grand Marais was hospitalized at the Tahquamenon General hospital in Newberry following a motorcycle mishap Sunday evening. Four boys, Robert Erickson, Robert Niemi and Sidney Hermanson of Grand Marais and David Benson of Lansing were riding one lightweight motorcycle on M-77 when the frame separated, throwing the four to the ground. The cycle had struck a stone on the highway. Robert Erickson suffered a severely bruised face and shoulder, and lacerations. He was given three stitches in the upper lip and two over an eye. Sidney Hermanson sustained severe bruises of shoulder and back, but was not hospitalized. Robert Niemi bruised his knees and legs, but was able to return to Curtis to work. David Benson suffered the least injury, getting a sore back. His motorcycle was completely destroyed.

Four Generations

Four generations of the family of Mrs. Wilhemina Erickson were present at a reunion party held at her home Sunday. Family members present included Mr. and Mrs. John Laiho and daughter Sally; Mr. and Mrs. Clayton Kumula, jr., and daughter Sandra, of Detroit; Mr. and Mrs. Hugo Erickson and children John, Irene and Charles, of Pascagoula, Miss.; Mrs. George Sayen and daughters Arlene and Carol; Mrs. Edward Erickson and children Linda and Edwin and Ernest, Oiva and Neilo Erickson, all of Grand Marais. A family friend, Emil Mattson of Grand Marais, also attended. Four generations were represented by Mrs. W. Erickson, daughter, Mrs. John Laiho, grandson, Clayton Kumpula, jr., and great-granddaughter, Sandra Kumpula.

Bill Proposes Pension Boost

Five-Dollar Raise For Old Age Urged

WASHINGTON — (AP)—A bill to increase federal old age insurance payments by about $265,000,000 a year is to be introduced today by Senator Humphrey (D-Minn).

Humphrey said it would increase the monthly benefits of retired workers by about five dollars without increasing the present payroll taxes.

He said tax rates in the present law are based on 1947 wage levels and these levels have risen so that returns are greater than needed for present benefits.

Senators Kerr (D-Okla), Lehman (D-NY) and Langer (R-ND) are co-sponsors of the measure.

37,000 Communists Still Left In U. S.

SAN DIEGO, Calif. — (AP)—J. Edgar Hoover says Communist party membership in the United States has decreased from 52,000 last year to 37,000 at present, but the danger has not decreased.

The director of the Federal Bureau of Investigation said in an interview yesterday that the remaining Communists in this country are more intensive and fanatical.

Hoover, in California for an annual physical checkup, pointed out that top leaders had been convicted of conspiracy to overthrow the government by force and that second level leaders were arrested last week.

Third level Communist leaders in U. S. soon will be rounded up, he added.

German Police Like Airplane, Radio Hook-up

CHEBOYGAN, Mich.— (AP) — Three high-ranking Berman police officers, here to study Northern Michigan State Police methods, liked the way police make use of the airplane.

"We rode with a Cheboygan officer, and talked by radio phone from the auto to the police plane," said Maximilian Berger, chief of the uniform division in Frankfurt. "That was wonderful."

Berger said, however, Germany may still be ahead of the United States in some respects. In Germany, he said, police cars can carry on two-way conversations with homes.

His companions, Karl Kreihe and Karl Lohse, nodded their heads. Kreihe is deputy chief of criminal police in Hesse. Lohse is chief of the uniformed division in Weisbaden.

The Germans are guests of the Cheboygan state police post this week. They are among 14 German police officers making a study of American police methods.

Expect Japan's Treaty Signed

Russians Opposed To Peace Pact

By JOHN M. HIGHTOWER

WASHINGTON — (AP)—United States officials expressed confidence today that a Japanese peace treaty will be signed at San Francisco next month despite expected strong Soviet opposition.

Secretary of State Acheson told a news conference yesterday he was sure the Kremlin would wage a propaganda campaign aimed at disrupting the treaty conference scheduled to open Sept. 4.

However, other officials were unable to foresee any action the Soviets might reasonably be expected to take which could succeed in disrupting the session.

Acheson's prediction grew out of a discussion of Soviet President Nikolai Shvernik's letter to President Truman earlier this week. Responding to a letter Mr. Truman had written him, Shvernik advocated a five-power "peace pact" which would include Red China.

Acheson challenged the Soviets to back up their avowed interest in peace objectives with deeds. He suggested they might start by working for peace in the United Nations.

WINDIEST SPOT

A spot within the Antartic Circle, south of Australia, is said to be the world's windiest location. The average wind speed over a period of 22 months was figured at more than 44 miles an hour.

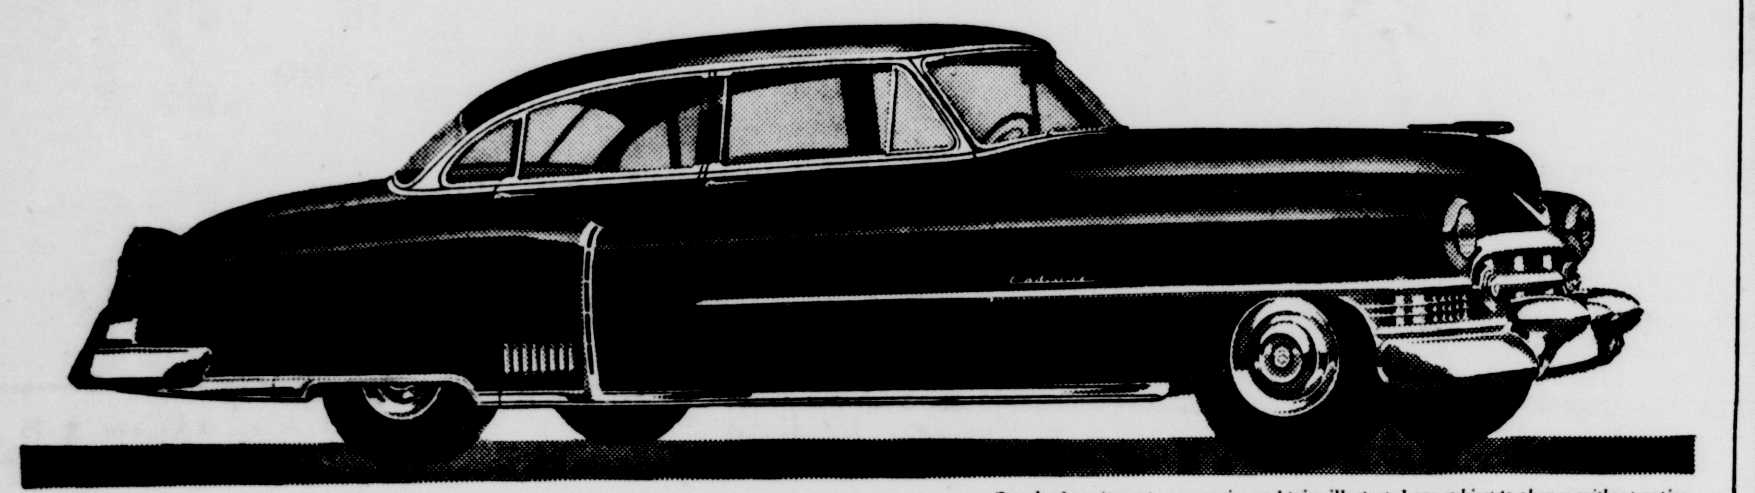
A Little Patience.. and It's Yours !



Standard equipment, accessories and trim illustrated are subject to change without notice.

In all the world of manufactured products, there is nothing more difficult to wait for—once you have decided to own it—than a Cadillac car.

If it is to be your *first* Cadillac, it is doubtless the fulfillment of a long-cherished dream—and it is hard to wait for one's heart's desire, once it is so close at hand.

And if it is to be a replacement for your *old* love—well, experience has taught you how consistently and completely the good things come from Cadillac—and your curiosity is a force to reckon with!

To make it worse, temptation is all about you. Down the street and around the corner are cars to be had almost as soon as your signature is on an order blank.

But be patient and be firm—for there is a *reason* why other cars may be had so readily—while there is some delay in delivery of a Cadillac.

It is because so many wonderful people, like yourself, want *only* Cadillac—and will accept no compromise.

If we already have your order—turn a deaf ear to those who would have you compromise your preference for the sake of earlier delivery.

And if you want a Cadillac, but have not yet placed your order, come in and do so. We will talk with you frankly about delivery, so you may know about what to anticipate.

Remember—there is only one car which is recognized wherever highways lead as the Standard of the World—and that car is Cadillac.

Organization Robs UN Food Depots

BEIRUT, Lebanon — (AP) — Palestinian refugees are reported to have organized a "Black Hand Society" responsible for stealing large quantities of rice, sugar and flour from a United Nations food depot at ancient Sidon. Police found a letter signed "The Black Hand Society" when they investigated.

The U. N. — with the United States paying most of the costs—is feeding more than half a million Arab refugees in Lebanon and nearby Arab countries. The refugees fled from Palestine in May, 1948, with the establishment of the Jewish state of Israel.

Niagara Barrel Stunts Banned

Ontario Officials Curb Daredevils

TORONTO — (AP)—The province of Ontario has forbidden anyone to go over Niagara Falls in a barrel.

In the wake of the death of William Hill, jr., last Sunday while making such an attempt, Ontario's Premier Leslie Frost told police to prevent any further tries.

"In my opinion, such attempts are wholly undesirable from the standpoint of public interest. They add nothing to human knowledge and will be prevented insofar as it is within the power of the province to do so," he said yesterday.

Despite the premier's order, there was no indication whether the New York interior decorator, Leslie Sander, had abandoned his plan to ride the 165-foot falls in a metal barrel on Aug. 25.

Sander dropped out of sight two weeks ago after coming here to make preparations for his trip.

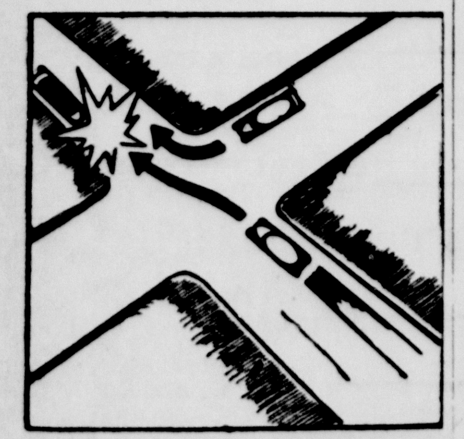
Unwritten Laws Of The Road

No. 22: Watch Out For What A Crossroad Vehicle Can Do To A Car Coming Toward You.



Many accidents are like a two-cushion-billiard shot, one car scares a second car into a third car.

When driving on open high-speed highways in the country keep an eye out for a car approaching from a crossroad.

If there is a car on the main highway coming toward you and there is simultaneously a car approaching from a crossroad, either speed up or hold back to avoid the situation of having all three vehicles arrive at the intersection at the same time.

The crossroad car may make a "flying stop" at the intersection or stop with its nose in the main highway and scare the oncoming vehicle over right in front of you.

Jet Fighters To Show Stuff At Air Races

DETROIT—(AP)—Two of the Air Forces' speediest weapons will be displayed at the National Air races here Aug. 18-19.

One will be a demonstration of supersonic diving by an F-86 Sabre jet fighter, which is expected to zoom through the sound barrier at 700 miles an hour.

The nation's newest and most secret bomber, the B-47, will attempt to set a new take-off record, using special jets. The mighty craft, which has a 20,000 pound load capacity, will also show the use of parachutes in landing.

The Sabre jet dive will start at 45,000 feet and pull it at 30,000 feet. The crowd on the ground will hear only two distinct thunderclaps, caused when the wings, then the fuselage hit the sound barrier.

This barrier is built up by the tremendous pressure from the plane's speed.

HERMAN E. TALMADGE

HERMAN TALMADGE, born Aug. 9, 1913, at McRae, Ga., is Governor of Georgia an office his father also held. When the elder Talmadge died in 1946 on the eve of his fourth inauguration as governor, Talmadge leaders in the state legislature took action which resulted in young Talmadge's "election" as governor by the legislature. Later the Georgia Supreme Court ruled that the legislature had exceeded its authority, and young Talmadge quit the capital. In 1948 he was elected governor on a "white supremacy" platform.

How To Hold FALSE TEETH More Firmly In Place

Do your false teeth annoy and embarrass by slipping, dropping or wabbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug store.

CUSTOMERS' CORNER

What do you consider good service in a food store? Do you get it at your A&P?

Of course, we expect all our employees to be friendly and courteous. But we think good service goes beyond that. We train our employees to be prompt, efficient, helpful and accurate as well.

Good service also requires that the store itself be clean, well stocked and well operated.

Any time your A&P doesn't measure up to these yardsticks of good service, our loyal employees want to know about it. Please write:

Vows Spoken By Miss Farley and Robert M. Legault

GARDEN — Honeymooning in Canada and at Niagara Falls are Mr. and Mrs. Robert M. Legault, who were married Saturday, August 4, at St. John the Baptist church in Garden.

The former Priscilla V. Farley, daughter of Mr. and Mrs. George E. Farley of Garden, and the son of Mr. and Mrs. Edward J. Legault of 328 South 8th street, Escanaba, spoke their vows before Father Ronald J. Bassett at a 9 o'clock nuptial high mass. Mixed gladiolus decorated the altar of the church. Mary Faye LaVellee was organist.

Bride in Blue

The bride wore a gown of light blue satin with a lace coat, ballerina length, a navy blue hat and navy accessories and she carried a pink and white colonial bouquet. Her maid of honor, Jo Ann Farley, wore a similar gown of beige satin with a lace coat and matching accessories and a pink colonial corsage.

Francis James Legault served as best man and Don Anderson seated the guests.

Mrs. Farley attended her daughter's wedding in a grey dress with which she wore an orchid feather hat and black accessories. Mrs. Legault wore grey with navy accessories. Pink colonial corsages completed both ensembles.

The wedding breakfast for 24 guests was served at the Riverside Inn at Garden and a reception for 150 guests was held at the George Farley cabin in Escanaba. Centering the flower arrangements was the four-tiered wedding cake with a miniature bridal couple.

The newlyweds will live in Escanaba. The bride is a graduate of Garden high school and the Del Mar Beauty school, Detroit. Mr. Legault is a St. Joseph high school graduate.

Wedding Guests

Out-of-town guests were Mr. and Mrs. Edward J. Legault, Mrs. Agnes Murray, Mr. and Mrs. E. J. Bawden, Mr. and Mrs. John Fisher, Mr. and Mrs. Don Anderson, Mr. and Mrs. Lloyd Villeneuve, Mr. and Mrs. George Walker, Mrs. G. Anderson, Miss Helen Dupuy, Mrs. Vincent Rappette, Mrs. Peter Sjogren, Mrs. Fred Boddy, William Boddy, Miss Lou St. Martin, Mrs. Florence Cleary, John Grodesky, Francis Murray, Francis Feldhusen, James Botrow, Paul Stack, Jack Meehan, Miles Dugener and Jack Roudon, Escanaba; James Legault, Sheboygan, Wis.; Mr. and Mrs. Edward Legault, jr., and Judy and Jeanette, Milwaukee; Norman Sjogren, Appleton; Mr. and Mrs. Oscar Radiske, Milwaukee; Mrs. Pearl Heric, Mrs. Eugene Johnston, Mrs. Lucy Purtil and daughter, Mildred; Mrs. Clarence LaMuthe, Mr. and Mrs. Aldred Farley, Mr. and Mrs. Walter Whitman and Harold Green, all of Manistique; Mrs. Frank Sefcik and Mrs. Adrian Hebert of Nahma; Barbara Tarzala, Chicago; Mr. and Mrs. Heinz Strobel and Miss Jo Ann Farley of Detroit and Mr. and Mrs. Leslie Devet of Fairport.

Marygrove Resale Shop Grand Opening Friday

Practical realization of a dream of giving material assistance to Marygrove Retreat House of Garden will be accomplished with the grand opening Friday morning at 10 of the Marygrove Resale Cottage at 1411 Ludington street. It will be operated by the "women of Marygrove."

The idea for the resale shop was conceived last April by a group of women who wished to give financial aid to Marygrove.

Obtain Cottage

Their first problem was to find space for the shop on Ludington street and this led to their acquiring the cottage. They immediately set about the task of renovating the entire building. All of the redecorating which included repapering and repainting the entire cottage was done with volunteer help. It now is one of the most attractive shops in the area.

All merchandise sold in the shop will be used articles donated by the women of Marygrove and their friends. It will consist of men's, women's and children's clothing, jewelry, china, linens and small bric-a-brac. A staff of volunteer workers will form the sales personnel. The shop will be open daily from 10 a. m. until 4:30 p. m. Monday through Saturday and also Friday evenings.

Volunteers Will Sell

The following women have volunteered to give their time in serving as saleswomen at the shop: Mesdames James Degnan, Joseph Poffenberger, Leslie Olson, Lee Carter, Stack Smith, William LeMire, Jay Niver, Larry Fleming, Nathan Frenn, Lester Bowden, John Bissell, Thyra Cleereman, Roy Starrin, C. J. Driscoll, Harry Jamar, John Loeffler, A. J. Geartts, Hubert H. Shepeck, Alex St. Cyr, Max Toushak, John Root, Emerson B. Harvey, Earl Taylor, W. P. Schuldes, Robert LeMire, John Nadeau, H. J. Defnet, Donald Boyce, C. G. Bridges and Ann Erickson.

The general public is welcome to attend the opening of the Marygrove shop Friday.

Miss Arlene Starrs Summer Visitor In Escanaba

An attractive summer visitor in Escanaba is Miss Arlene Starrs of New York City, who once lived here at 308 South 19th street. She is a guest at the House of Ludington while visiting friends in her former home city.

Miss Starrs, private secretary to Martin Lore, who was with the Bureau of Internal Revenue ten years and now is a tax attorney and accountant in New York, started her career as a bookkeeper at the Boston Store in Escanaba following her graduation from Cloverland Commercial college. The Boston Store, of which William J. Roberge was proprietor at that time, now is Montgomery Ward's.

She went from Escanaba to Detroit to take a position with the Alexander Blain hospital where she was medical secretary four years and medical record librarian two years. She then became associated with Mr. Lore and has been in New York City since that time.

She plans to remain in Escanaba for a week or possibly longer.

Lions Planning Joint Conclave

Slate Combined 1953 State Session

Upper Peninsula and Lower Michigan Lions clubs are planning a joint convention to Mackinac Island in 1953, it was announced at a regular meeting of the Manistique Lions club Tuesday evening.

The announcement was made by E. E. Cookson, past district governor, who has been named chairman of the Upper Peninsula convention planning committee. Other members on the committee recently appointed by District Governor Angus Nault, of Newberry, are Benjamin Grobaski, of L'Anse, and Edward Berg, of Spalding.

Both Grobaski and Berg also are past governors of the Upper Peninsula's district 10.

Cookson reported that the first planning meeting with district 11 representatives from the lower peninsula has been tentatively scheduled for September 15 at Mackinac Island.

If the committees of the two Michigan districts can make satisfactory arrangements with the Grand Hotel management, the 1953 joint conclave will definitely be held, Cookson said.

City Briefs

Mrs. Gene Johnson and son, Karl, of Manistique, left today for Kenosha to visit with her parents, Mr. and Mrs. Theodore Vanderheide.

Miss Bertha Brisch and James Koonan, of Detroit, are visiting this week with Mr. and Mrs. John M. Hewitt.

Mr. and Mrs. Harry Gaffey, of Garnet, and Mrs. Gladys Gill, of Flint, were recent visitors at the Arthur W. Schofield residence, 601 Range street.

300 Upper Peninsula Guardsmen To Bivouac Here Tomorrow Night

Approximately 300 National Guardsmen from the five companies of the Upper Peninsula battalion will bivouac in Manistique tomorrow night, and will leave early Saturday morning in convoy for Camp Grayling.

Companies from Escanaba, Calumet, Ishpeming and Marquette will arrive in Manistique between 4 and 6 p. m. tomorrow and following supper in local restaurants will establish sleeping quarters in the local armory. Company vehicles will be parked on the armory grounds.

Weather permitting, it is expected that several guardsmen may pitch pup tents on the armory lawn for the night bivouac.

Leave at 5 a. m.

The group will leave Manistique commencing at 5 a. m. Saturday, rolling on to US-2 with 15 minutes intervals between companies. The Manistique company will be in the rear.

The quarter hour traveling intervals are to prevent traffic congestion. Each unit will have about 15 vehicles on the road.

Before leaving, the Guardsmen will breakfast on C rations.

Mess trucks of the five companies will be dispatched to St. Ignace about 15 minutes ahead of the first company departure. Mess groups will prepare a hot lunch in St. Ignace and serve it to Guardmen on the state ferry during the crossing of the Straits.

Guard companies will take passage on a state ferry boat by prearrangement immediately following their arrival in St. Ignace.

Send Bulldozers

They will reach Camp Grayling between 6 and 7 p. m. and will immediately enter camp in the assigned battalion area west of Lake Margrethe. An advance camp and mess detail will have quarters ready and a hot meal prepared for the group.

Five bulldozers of the Upper Peninsula battalion were dispatched Monday by rail to Grayling. During public maneuvers last year at the camp the five big Upper Peninsula machines were the "hit" of the military parade before the governor's reviewing stand, attracting more attention than the tanks and the big guns.

The Manistique company will send 65 enlisted men and officers to the annual two weeks' encampment, led by Captain E. J. Doyle, commanding officer.

Advance Detail

Manistique's advance detail included Cpl. John Quick and Pvt. Carl G. Louis, who left Tuesday to make final camp preparations, and Pfcs. Hugh E. Bundy and John N. Louis, who left yesterday to attend a pre-camp mess school and also to prepare a hot meal for the local company Saturday night.

During the first week of training at Camp Grayling, qualification with both individual and crew served weapons will be stressed. The camp's extensive system of firing ranges will be kept busy daily as Guardsmen train their sights on targets for the pistol, rifle, carbine, light and heavy machine guns, 57 mm and 75 mm recoilless rifles and other weapons.

Training emphasis during the second week will shift to individual and unit tactics. Rifle-toting infantrymen will learn how to attack an organized position, and field artillerymen will blast away at targets on the Frederick artillery range.

Social

Golf and Bridge Club

The Indian Lake Golf and Bridge club met Tuesday afternoon for a 1 o'clock luncheon at Arrowhead Inn. Mrs. David Adams was hostess.

Three tables of bridge followed later at the country club. Prizes were given to Mrs. Carl Carlson and Mrs. Glen Critton.

Guests of the club were Mrs. R. W. Hawbaker, of Escanaba, and Mrs. Harvey Eggers, of Cincinnati, Ohio.

The next meeting will be held at the country club with Mrs. W. F. Kefauver and Mrs. Glen Critton as hostesses. All reservations must be in by Monday noon by calling either hostess.

Plan Exhibit At State Fair

Clubs To Display Miniature Nursery

A miniature nursery will be exhibited next week at the Upper Peninsula State Fair, Escanaba, by the home extension clubs of Schoolcraft county, it is announced.

Included in the display will be garments and other nursery articles made on sewing machines and also with sewing machine attachments. Members of the 24 extension groups made the nursery material during their recent sewing machine project.

Mrs. F. T. Burgess, of Manistique, who has been named chairman of state fair exhibit said yesterday that the nursery items are unusually excellent and should provide an attractive display at the Escanaba exposition.

The material will be taken to Escanaba Tuesday by the exhibit committee which in addition to Mrs. Burgess includes Mrs. C. S. Johnson, Mrs. G. Leslie Bouschor, Mrs. Stanley Shust, all of Manistique, and Mrs. Charles Smith, of Seney.

The committee will arrange the display in the main exhibition building and will collect and return the material at the conclusion of the fair.

A final committee meeting to make arrangements for the exhibit has been called for 3 p. m. Friday at the Burgess home, 330 Walnut street. Club items for the display also are to be collected Friday.

No-Hitter Hurled By Chartier As Christy's Defeat Guards, 16-1

Behind no-hit pitching by Chartier, Christy's Bar walloped the National Guards, 16 to 1, in a softball league game here Tuesday night.

Selling scored the lone run for the Guards in the third on an error by Tufnell.

Christy's rolled into high scoring gear in the fifth with five runs. Broullire topped Christy's hitting with four bingles.

Besides his no-hitter Chartier whiffed seven batters. He gave up four walks. Christy's landed on Doyle's offerings for 14 hits.

The game between the Oldtimers and Chevs was rained out Monday night but will be played next Monday evening.

Mr. and Mrs. Roy Fiebernitz and Mrs. Louis Labumbard, of Flint, have returned to their homes after visiting here with Mrs. George Wilson, North Fourth street.

With Ray Crandall

If you don't think that football is with us, just take a run down to Stephenson next Wednesday night . . . The Menominee-Marinette Hornets of the Wisconsin State Football league will hold an intra-squad practice game under the Sawbridge field lights that night . . . The Hornets have 38 players in the fold thus far, including Jim Mitchell of Marinette, former Carrol College line star . . . This will be the first season in the tough Wisconsin State circuit for the Hornets.

* * * * *

And if you still feel it is too early for gridiron activity, drop over to Ludington park next Monday morning and you'll be convinced you're wrong . . . Coach Tom St. Germaine's St. Joseph gridders will be holding their first high school practice session there . . . St. Joe opens the season with a home stand at Memorial field Saturday, Sept. 8 against Gladstone.

* * * * *

Russ Hiltonen tossed his third Wisconsin State league baseball win for Oshkosh Monday night in the second half of a twin bill with Appleton . . . Rusty blanked Appleton 8-0 with a five-hit performance . . . His mates pounded out nine hits, including five doubles, off four Appleton chuckers . . . Appleton Catcher Roy Gaffke was taken to Mercy hospital at Oshkosh for observation after he was hit in the head by a pitched ball in the third inning . . . Oshkosh remains in second place in the Wisconsiin State standings.

"For the greatest personal satisfaction in baseball, give your best every time you step out on the diamond," is the advice passed on to members of the Iron River, Kalamazoo, Muskegon, Detroit and Flint American Legion teams by Red Jones, former major league umpire . . . "And," continued Jones at the tournament banquet Monday evening, "you don't have to be on a winning team to get that satisfaction. It's a great feeling to be firmly convinced that The fellow playing next to you doesn't know it . . . Only you . . . And if you can have that feeling after every game, win or lose, then you're putting everything you have into the game."

Paper Mill, Stonington, Maple Grove, Nahma Notch Victories

Good weather graced the district softball tournament last night as four more winners advanced in the three-class fray which will extend through Sunday.

Escanaba Paper Mill gained revenge for three league defeats at the hands of White Birch by tacking a 5-1 loss on the latter team in the night's windup at Memorial field.

Other games last night saw Stonington bump St. Thomas Oldtimers 4-3, Nahma trip Spaulding Fleetwoods by the same score and Maple Grove shellack St. Ann's 31-4.

Games Tonight

Following is the schedule for tonight:

At Memorial Field

Nahma vs. Stonington, 6:30.

Carney vs. Gladstone Bungalow, 7:45.

No Names vs. White Birch, 9:00.

At Royce Park

Maple Grove vs. Liberty Loan, 6:30.

At Dock

Gladstone Marble Arms vs. St. Thomas Nationals, 6:30.

Paul Larsen handcuffed White Birch with four hits and four White Birch errors failed to help the situation. Franny Lancour homered in the first inning for the lone White Birch run. Leo Lancour and Harry Lancour made up the losing battery.

Paper Mill scored twice in the first inning, once in the third and twice in the fifth on a total of five hits. Don LeHouillier caught for the winners.

Fleetwood and Nahma both collected seven hits in their tussle, but Nahma pushed three runs across in the fourth and another in the fifth to win. Fleetwood scored singletons in the fourth, fifth and sixth.

Winning battery was Anderson and LaVigne while Triest and Novack worked for the losers.

Come From Behind

Trailing 3-1 going into the top of the sixth, Stonington scored two in that stanza and added another in the seventh to edge St. Thomas. Sigfred and Anderson worked for the winners and Bill Doucette pitched and Willie Doucette and Bertrand caught for the losers.

The game tonight between White Birch and No Names will be sudden death for one of the teams. Both have lost one game and the double elimination tournament calls for two defeats before dropping from tourney competition.

The strong Nahma entry is rated a favorite to bump Stonington in the opener at Memorial field. Carney brings a great record into the meet and rates the nod over Gladstone Bungalow in the second game.

Highland Awarded 1952 Golf Association Meet

ASHLAND, Wis. (Special)—Escanaba's Highland Golf club was awarded the 1952 U. P. Golf association tournament at the annual directors meeting held on the eve of the 37th annual tourney which opens this morning over the Elks Country club and Mellon Golf club courses here. Highland will be host in '52 for the first time.

With 12 Escanabans competing—six from Highland and six from the Escanaba Golf club—66 golfers from most of the 17 member clubs in Upper Michigan, Wisconsin and Canada fired 18-hole qualifying rounds today. This is the first time the meet has ever been held in Wisconsin.

Team Entries

Escanaba entered Elmer Swanson, Tony Cass, Jim Fitzharris, Leo Vinje and Wendell Green and Highland's team is composed of Ed Gravelle, Ron Hirn, Abe Milkovich, Gerald Harris and Stan Soderlund. Other Escanaba entries are Vernon Kolb, of the Escanaba club, and Bertel M. Stade, of Highland.

Jack Miller, of St. Ignace, who won the championship at Sault Ste. Marie last year, is on hand to defend his title.

The championship flight will be composed of 32. The beaten 16 in the first round of match play will comprise the first flight, and other flights will consist of 16 golfers each.

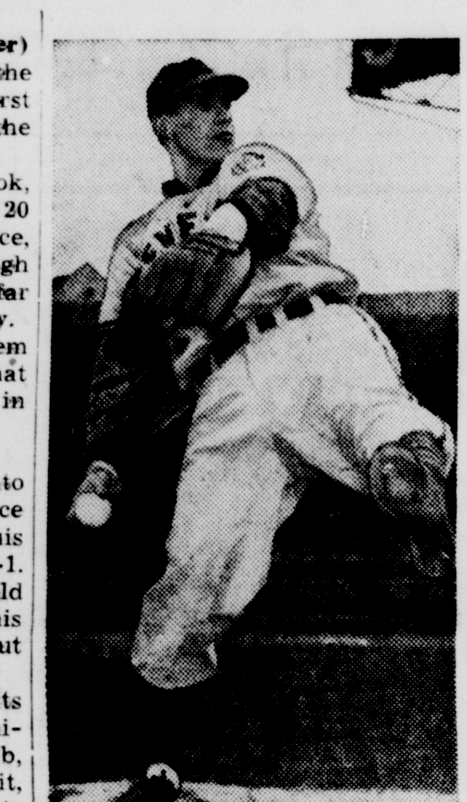
Among the Missing

This year's event marks the first time in many years that Escanaba does not have a former champion in the field. Harry Hogan is on vacation; Don Feller, who won in 1946 and 1947, has retired from the game; Don Boyce confines his golf to twilight league and Ray Hirn, winner in 1948, is in the U. S. Air Force.

Association officers this year are Joe Masko, president; Tod Hogan, vice president, and Glen Samuelson, secretary.

Feller Hurls 18th Win As Cleveland Takes Over Lead

By JACK HAND
(Associated Press Sports Writer)



Bobby Feller shines like the Feller of old in Cleveland's first place surge to the top of the American league.

With 18 victories in the book, Feller is a sure shot for the 20 club. If he maintains his pace, he could equal his personal high of 27 victories in 1940. So far he's 18-4 with 49 games to play.

But Feller would trade them all for one world series win. That is his chief remaining ambition in baseball at the age of 32.

Yanks Fall 4-1

Feller pitched Cleveland into the lead for the first time since May 2 when he made St. Louis his 18th victim yesterday, 2-1. Washington's Bob Porterfield opened the door by knocking his ex-New York Yankee mates out of the lead with a 4-1 triumph.

Boston was rained out of its game with Philadelphia and Chicago, the other first division club, lost ground in bowing to Detroit, 6-5, in 11 innings. The White Sox now trail Cleveland by seven full games.

Brooklyn opened up an 11½ game lead in the National, high mark for the year, by sweeping a day-night doubleheader from runnerup New York, 7-2 in the afternoon and 7-6 in 10 innings at night. Philadelphia sneaked closer to the Giants by shading Boston, 3-2.

Dickson's 15th

Pittsburgh bombed St. Louis, 10-7 for Murry Dickson's 15th win and Cincinnati took a pair from Chicago, 7-5 and 4-3.

Feller's victory made him top winner in the majors and extended the Indians' streak to seven straight. The Tribe has won 31 of 40 in a drive since June 30.

Larry Doby drove home both runs with a pop double in the fourth inning off Tommy Byrne who gave only five hits but walked nine. Feller dished up a home run ball to rookie Ben Taylor in the fourth, the first run of the game.

Vernon Homers Twice

Porterfield has solid hitting support from Mickey Vernon who blasted Vic Raschi for two homers, each with a man on, to account for all Washington runs. He was the first Senator to hit a home run since July 22, a 15-game streak, longest no-homer string in the majors.

The Yanks ruined Porterfield's shutout in the last of the ninth on Yogi Berra's double and Johnny Mize's single.

Gil Hodges hit his 32nd homer, Duke Snider No. 23 and Carl Furillo No. 12 in the Dodgers' day win over the Giants' Jim Hearn. Carl Erskine who replaced Preacher Roe after two innings when his arm failed to loosen up won his 12th.

Little Leaguers Lose In Warmup

Drop 5-0 Contest To Chicago Team

The Escanaba Little Leaguers lost 5-0 last night in a practice game with the Chicago Sectional champions at the Wilson Avenue lighted field, but Manager A. M. McComber expressed satisfaction in the performance of his Michigan champions.

"The lights and the huge crowd upset our boys and they were tired from their trip," McComber said in a telephone call to the Press this morning. "They played a good game however, and it was just what they needed for a tune-up."

The Escanabans will open the Ft. Wayne, Ind., tournament tomorrow evening at 7 against a Whiting Ind., team.

Flath to Start

Against the Chicago champs, Escanaba collected only three hits. Charley McCarthy pitched two innings and allowed one run. Rick Erickson relieved in the third but was unable to survive the inning and Bucky Flath came in to halt the scoring with the bases loaded. Erickson allowed four runs.

Manager McComber said he will start Flath in the opener tomorrow night. Star pitcher Gary Paler has a cut on his pitching hand that required two stitches, but will be used in relief if possible.

Gary Hirn tore some skin off his hand in a slide to the bag last night and Bob Lancour, catcher, was hit on the elbow by a thrown bat. Both the injuries have been treated and the youngsters are expected to be ready for action tomorrow.

Ruth Needham In Semi-Final Round

At noon today Miss Colby was six up on Mrs. Needham after playing the first nine holes of the semi-final match and Miss Zeugner was two up on Mrs. Johnson in the other championship bracket flight.

Mrs. Ruth Needham of Escanaba moved into the semi-finals of the Upper Peninsula Women's Golf tournament yesterday by ousting Mrs. C. E. Dahlquist of Iron Mountain, three up and two to go.

Mrs. Needham drew the toughest assignment of the tournament this morning as she went out against Miss Vonnie Colby, 19-year-old Soo flash who is highly favored to cop the U. P. crown.

Yesterday Mrs. Needham posted the second lowest individual round of the tournament with a 45. Only Miss Colby has a lower mark for nine holes in the tournament.

Consolation

In the other championship semi-final match this morning Miss Betty Zeugner of Norway was paired with Mrs. Millie Johnson of Marquette. Winners of this morning's matches will meet in the finals this afternoon.

In the championship flight consolation matches today, Mrs. Elaine Rose of Escanaba was paired with Mrs. Ethel Smith of Iron Mountain and Mrs. Millie Boyce of Escanaba opposed Louise Beldo of Marquette.

In first flight consolation matches, Mrs. Paul Wohlen of Escanaba was paired with Mrs. Madalyn Boyce of Escanaba.

Cubs Win 4-3 At Menominee

First League Loss For Menominee

The Escanaba Cubs gained a jump on Menominee in the Waubung league pennant race last night by taking a 4-3 verdict over the Menominee club at Spies field last night.

The victory gives Escanaba a record of 9 wins and no losses in league play. The loss was the first of the season for Menominee which has eight wins.

The two teams will meet here in the league finale Sunday afternoon at 2:30.

Wayne Ewald went the distance for Menominee and allowed six hits while fanning 17 and walking only one. Fred Boddy toiled for Escanaba and gave up eight hits, walked six and fanned nine.

The game ended in a squabble at home plate under peculiar circumstances. Menominee had the bases loaded and had scored a run to make the score 4-3.

With a three-nothing count on the batter, Boddy tossed in a pitch that looked high. The batter started off for first and the third base runner started home. The umpire called it a strike, however, and the batter was held up. The Cubs caught the runner coming home for the third out and the game was over.

Ed Lindquist, second base, collected two for four to lead the Cubs at the plate. Ewald had two for four for Menominee.

Stock Sprints Set For Fair

Something New In Racing Circles

Something new in the way of late model stock car races will be offered to Upper Peninsula racing fans at the Upper Peninsula State Fair Sunday afternoon, August 19. A program of stock car sprint races has been scheduled, topped by a 25-lap feature event.

The $1,500 prize list has attracted entries from all over the country. The 1950 national champion, Herschel Buchanan, of Shreveport, La., heads the list of entries already received Buchanan finished second in a 100 mile stock car race at the Upper Peninsula State Fair last year.

Another entry is Wally Dahl of Minneapolis, who was ranked No. 2 in stock car competition last year.

Open To Locals

The meet is open to local entries. Entry forms have been sent to garages, service stations and car dealers in various parts of the Upper Peninsula. All cars entered in the contest must be 1946 models or later. Engines and bodies must be stock.

The time trials will begin at one o'clock. They will be followed by two qualification heats, a consolation dash, match race, handicap contest and the 25-lap feature. In all, 75 miles of racing will be presented.

Leading Racer

Buchanan naturally is the favorite. He won 12 of 30 races in which he competed last year and currently he is leading the International Motor Contest Association point standing for stock car racing. He has finished high in the money in every race he has entered this season.

The meet is being handled here by Auto Racing, Inc., of Minneapolis, with official sanction by the IMCA, world's largest governing body of dirt track racing.

In addition to the stock races Sunday afternoon, Aug. 19, the U. P. State Fair will feature big car auto races Thursday afternoon, Aug. 16.

Esky Football Call Issued For Saturday

Football Coach Jim Rouman today issued a call for all Escanaba high school football candidates to report for a brief meeting Saturday morning at 11 o'clock at the athletic field house.

Physical examinations will be scheduled and first practice session will be held Monday morning. Practice will be held each morning and afternoon as the Eskys prepare for the season opener Sept. 7 at Sault Ste. Marie.

Cooks Oldtimers Return To Action

COOKS—The Cooks baseball team in the Bay de Noc league is girding for a test to be offered next Wednesday evening by the Oldtimers team, made up of baseball stars of past years.

The game will be played at the diamond here starting at 7 o'clock. The regular Cooks lineup will be intact and starting hurler will be selected from the two reserve hurlers, Hans Lund and Orville Olson.

Donald Carley will manage the Oldtimers and has asked anyone interested in playing to report to him immediately.

Oldtimer stars already signed include Joe Griffin, Oscar and Clarence Lund, Don Erickson, George Roberts, Hank McGahan and Bill Popour.

Roberts, a southpaw twirler for Cooks some 10 years back, will probably get the starting mound nod for the Oldtimers.

Jockey Arrested In Attempted Race Fix

HAMILTON, Ont.—(AP)—Jockey Robert Wankmueller of Newark, N. J., described as the ringleader of riders involved in fixed horse races on Ontario tracks, was arrested yesterday on a charge of defrauding the public. He denied the charges.

Wankmueller's arrest came shortly after the Ontario racing commission ruled him off Ontario tracks for life.

Seven jockeys yesterday testified that they had been approached by Wankmueller to accept money for holding their horses back in various races.

OLDTIMER GAMES

The Escanaba Oldtimer Softball league schedule calls for Eagles to play St. Joe Boosters tonight at 6:30 at Ludington Park diamond and the Press to face Delta Frames tomorrow night at 6:30 at Dock diamond.

Firemen And Lions Will Tangle Tonight

BARK RIVER—Clear weather today brought grins of anticipation to the faces of the Firemen and the Lions who will tangle tonight at 7 in an exhibition softball game at the baseball field.

The twice-postponed game will be played this time no matter what happens, team managers asserted this morning.

King Lion Tom Swift will oppose Fire Chief Herman Palmgren in what could be a pitchers' battle.

Baseball Hearings Will Take Recess

WASHINGTON—(AP)—The lawmakers' invasion of the sports pages neared a punctuation mark today.

The House Judiciary Subcommittee will wind up phase one of the operations tomorrow. Then the inquiry wil be shelved until after the world series in October.

"We don't want to interfere with the playing of the game," Ernest Goldstein, counsel for the commitee, told reporters.

"We've made a good start toward learning about the reserve clause and the territorial rights angle," he said. "But no conclusions have been reached. The committee still has to determine whether the clause is needed, and, if so, what kind."

Yesterday's Stars

Batting, Mickey Vernon, Senators—Hit two home runs off Vic Raschi to knock New York out of first place, 4-1, driving in all four runs.

Pitching, Bobby Feller, Indians—Pitched Cleveland into American League lead with 18th victory, 2-1.

FIGHTS LAST NIGHT

Richmond, Va.—Holly Mims, 154¼, Washington, outpointed Sammy Walker, 153, Springfield, Mass., 10.

Trout And Kell Shine As Tigers Nip Chisox 6 To 5

DETROIT—(AP)—Leave it to an old timer like Dizzy Trout to salvage some slim hope for the Detroit Tigers to finish in the first division.

Before the veteran righthander checked the Chicago White Sox yesterday 6-5 in an 11-inning battle, the Tigers were ten games behind the fourth place White Sox.

George Kell

Thanks to Trout's four and two thirds innings relief pitching appearance and four hits by George Kell— including his game winning single in the eleventh—the Tigers trail today by nine games instead of 11.

Outside Chance

Of course, that's a big deficit with the season two thirds gone but there is some hope. The deficit is seven games in the all-important games-lost column. The schedule gives Detroit an outside chance—it has nine games remaining with Chicago (the Tigers have won six of 13 to date).

Trout stepped into the game yesterday with the bases loaded, one out, and the score tied at 3-3 in the seventh inning. He threw one pitch—a double play ball to Orestes Minoso.

In the next four innings Trout gave up four hits and would have won more quickly except for three Tiger infield errors in the tenth.

Johnny Lipon, Jerry Priddy and Don Kolloway took turns juggling the ball and a run scored to put the White Sox ahead 4-3.

Mullin Homers

Pat Mullin smashed his fifth home run in the Tiger Tenth to tie the score again.

Trout gave up a run on two hits in the eleventh and Chicago went ahead 5-4.

Then came the rally that sent most of 9,765 fans home happy. Priddy tripled, pinch-hitter Steve Souchock doubled and Kell slapped his single into left field to score Souchock with the winning run.

Brews Post 6-5 Win Over Louisville Club

(By The Associated Press)

The red hot Milwaukee Brewers Wednesday night downed Louisville 6 to 5 while their nearest rivals, Kansas City and St. Paul, were losing. This boosted the Brewers' American Association lead to a run-away 8½ games.

Indianapolis handed Kansas City its eighth straight home defeat, 5-2. Toledo cracked an eight-game losing string with three-run rallies in the sixth and ninth frames to top St. Paul 9-6 Russ Sullivan pased the Mudhens 13-hit atack with two triples a double and single.

Minneapolis climbed to within one game of the first division by brushing off Columbus 9-1 and 4-2.

Grandelius Plans To Enter Army Aug. 31

MILWAUKEE, Wis.—(AP)—Everett (Sonny) Grantelius disclosed yesterday he plans to enter the Army Aug. 31.

The 1950 all-America halfbaik for Michigan State College is now training at Delafield, Wis., for the all-star football game in Chicago.

Grandelius, who holds a reserve commission will report to Fort Sheridan Ill. He had ROTC training at Michigan State. He expects to be assigned to military police following a refresher course.

Prep Star's Grid Story Causes Stir In College Football Ranks

(By The Associated Press)

With about all sides heard from, the buzz-buzz in Michigan over Army's football recruiting policy tended to cool off today.

Flint prep star Duncan MacDonald, with the University of Michigan's Athletic Director Fritz Crisler in his corner, had taken a swing at a sports writer's story.

At the same time the father of one of MacDonald's companions on this summer's West Point visit took the other point of view.

He defended the account of the Chicago Tribune's Jerry Ledonne who had quoted MacDonald to the extent that the Army went to extremes to get football players.

Calls It Distortion

MacDonald, 18-year-old Flint Northern star who wants to play his college football at Michigan, called the Tribune story "a distortion of facts and truth."

The youth made the statement at a press conference in his home town yesterday at which an ex-Michigan grid star, Bruce Gregory, did some coaching.

MacDonald's brief statement was this: "The Aug. 8 story in the Chicago Tribune in which I was quoted was a distortion of facts and truth."

The lad declined any further comment. Then he was led away by Gregory, a Flint business man who played on the line for the Wolverines in the 1920's.

Taken Away

"I see no reason for this boy to be subjected to this type of grilling and I'm taking him out of here," Gregory said.

At Ann Arbor Crisler agreed with MacDonald and Army Coach Earl Blaik that the former Flint Northern quarterback had been misquoted.

Further, Crisler said that the article had an "implication" that West Point offered MacDonald a "terrific deal" and Michigan an "even bigger" one.

"That is not true at all," Crisler said. He added that Michigan is "not bidding for anybody."

Says Story True

In Illinois, however, the father of another prep star said the Tribune's story was true.

This came from Stephen Roake of Barrington, Ill., a Chicago suburb. Roake said the "high pressure," as reported by the Tribune had been brought to bear on his son, Stephen, Jr., and others.

Roake named the others as Dan Osinski, a teammate of his son at Barrington high, and Clarence DeMoss, a star player at suburban Elmhurst.

Roake said his son was a guest at Navy as well as West Point and that expenses were paid for the trips by alumni of the two service schools.

CARD OF THANKS

We wish to take this means of expressing our sincere appreciation for the many acts of kindness shown us in our recent bereavement, the death of our beloved husband, father and brother. Especially do we wish to thank those who sent flowers, mass offerings, donated the use of their cars, those who served as pallbearers, those who sent special gifts and to all for their acts of kindness. Especially do we wish to thank Rev. Fr. Bernard Karal for his consoling words and other manifestations of sympathy.

Plaintiffs,
vs.
Hibbard Rankin, Thomas J. Burch, Booth Fisheries Company, a Corporation of Delaware, Booth Fisheries Company, a Corporation of Massachusetts, Peter G. Peterson, Harvey S. Jess, William T. Jess, Alton C. Jess, Orville R. Jess, and their unknown heirs, devisees, legatees and assigns,
Defendants.

ORDER OF APPEARANCE AND PUBLICATION

At a session of said Court, held in the city of Menominee, Menominee County, Michigan, on the 28th day of May, 1951.

PRESENT: HONORABLE GLENN W. JACKSON, CIRCUIT JUDGE.

On reading and filing the bill of complaint in said cause and the affidavit of Harlan J. Yelland, attached hereto, from which it satisfactorily appears to the Court that the Defendants above named, or their unknown heirs, devisees, legatees and assigns, are proper and necessary party defendants in the above entitled cause, and,

It further appearing that after diligent search and inquiry it cannot be ascertained and it is not known whether or not said Defendants are living or dead, or where any of them reside, if living, and if dead, whether they have personal representatives or heirs living or where they or some of them may reside, and further that the present whereabouts of said Defendants are unknown, and that the names of persons who are included therein without being named, but who are embraced therein under the title of unknown heirs, devisees, legatees and assigns, cannot be ascertained after diligent search and inquiry.

On motion of Harlan J. Yelland, Attorney for Plaintiffs, it is ordered that said Defendants and their unknown heirs, devisees, legatees and assigns, cause their appearance to be entered in this cause within three months of the date of this order and in default thereof, that the said bill of complaint be taken as confessed by the said defendants, their unknown heirs, devisees, legatees and assigns.

It is further ordered that within forty days, Plaintiffs cause a copy of this order to be published in the Escanaba Daily Press, a newspaper printed, published and circulated in said county, such publication to be continued therein once in each week for six weeks in succession.

Raft Is Floating Down Ohio Again

Four To Continue Sociology Study

MOUNDSVILLE, W. Va. — (AP) —Four young adventurers — two bachelors and two unmarried girls —were floating down the Ohio river again today in what they call an experiment in sociology.

They shoved off on their raft "Lethargia" yesterday, hoping to hitch rides all the way to New Orleans. The voyage was interrupted two weeks ago when the raft turned over near here and the four had to swim for their lives.

Mary Ellin McGrady, 24-year-old sociology student from the University of Michigan, is skipper of the 12 by 20 foot raft. She describes the trip as an experiment to find out how people adjust themselves to living in a small space.

Others on the floating laboratory are Geraldine Garcia, 23, Boston artist; Milton Borden, 30, New Bedford, Mass., and Don Brown, 24, Detroit, another University of Michigan student.

Reconstruction Of Korea To Require About 250 Million

WASHINGTON — (AP) — The state department estimates it will cost $250,000,000 for reconstruction in war-battered Korea, when the fighting is over.

Senator Connally (D-Texas), told reporters yesterday that the department gave that estimate to the Senate foreign relations and armed services committees, which he heads in hearings on the $8,500,000,000 foreign aid bill.

Connally told reporters that while the reconstruction costs should be shouldered by the United Nations, "we'll (the U. S.) do the most of it, of course."

CREATED CUSTOM

In the 18th century, St. Nicholas was supposed to have dropped a purse of coins down the chimney of a poor family. Instead of landing on the hearth, the purse fell into an open stocking that had been hung up to dry. Children have been hanging up their stockings on Christmas Eve ever since.
